 - Battery Back-up with Installed Lithium Battery
- ▲ Highly Visible 0.9" Green LED
 - Single Alarm with Alarm Indicator
 - AM/FM Analog Tuner
 - Extendable Snooze
 - Space Saving Appealing Design

Features

- ◆ ATS (Automatic Time Set) The correct EST (Eastern Standard Time) has been preset at the factory so just plug it in and adjust the time zone if necessary. In the case of a power interruption, the built-in Lithium battery maintains the correct time so when the power returns you don't have to re-set the clock.
- ◆ ADST (Automatic Daylight Savings Time Adjustment) When Daylight Savings Time changes take place in the Spring and Fall each year, there is no need to adjust the clock because the built in calendar recognizes the dates and automatically makes the proper time adjustment.
- Built-in Calendar allows you to view the date and year on your clock radio.
- Battery Back-up with Installed Lithium Battery maintains the clock and alarm operation in the event of a blackout or other power failure.
- Highly Visible 0.9" Green LED delivers a high-contrast, easily viewable display, under a variety of lighting conditions.
- Single Alarm with Alarm Indicator confirms that the alarm has been activated to turn on at the pre-set time
- AM/FM Analog Tuner lets you choose from the wide variety of radio, talk and music programming
- Extendable Snooze gives you the freedom to easily choose your own snooze time instead of being held captive by the short time intervals of other snooze timers. Each press of the snooze button add an additional 10 minutes to your total snooze time for up to a full hour of uninterrupted sleep.
- Space Saving Appealing Design attractive, modern design compliments any decor.

Specifications

General

Day/Night Function: Time: 12 hour system

Audio

Frequency Range: AM: 530-1710kHz; FM: 87.5-108MHz

Antenna System: AM: Built-in Ferrite Bar Antenna; FM: Power Code Antenna

Tuner Type: Analog

Convenience

Alarm: Radio or Buzzer

Snooze w/Extendable Snooze: Snooze

Hardware

Display: Green LED

Power

Power Requirements: AC 120V, 60Hz

Output Power: 150mW (at 10% harmonic distortion)

Power Back-up: Built-in Lithium Battery for Full Power Back-up
Battery Life (Approx.): Up to 250 Days (with Sony battery)¹

Speaker

Speaker Dimensions: 2 5/8" (66mm)

Speaker Type: Mono

Dimensions

Weight: 1 lb 1 oz (495g)

Measurements: W 6 1/8" x H 2 9/16" x D 5 15/16" (155 x 64.5 x 150mm)

Supplied Accessories

Instruction Manual

Warranty Card

Color: Black
