

Model: RSD-116

# Reversible Shelf / Drawer (1U, 16"D)

## Description:

The RSD-116 is a reversible shelf / drawer for 19"W racks. The unit is precision-formed from 16-gauge US steel and features vents front and rear. Rear supports can be extended up to 33"D. When used as a shelf, it provides support for up to 80 lbs. of non-rackmount equipment such as consumer electronics, laptops, power supplies, and chassis-style components of all types. When mounted as a drawer, the RSD-116 provides ample storage space with 1.58" useable height for office supplies or electronics accessories. The RSD-116 mounts to the rack's front and rear mounting rails. Depending on rack model selected additional mounting rails may be needed (order separately). Smooth, black powder epoxy finish. Ships assembled, ready-to-install.

## Features:

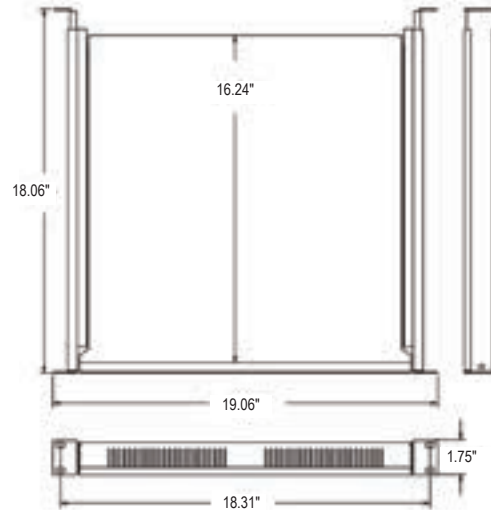

- Sturdy 16-gauge US steel.
- Supports up to 80 lbs.
- Rear supports can be extended to 33"D.
- Mounts to front and rear mounting rails. (Requires rear rail support; order rear mounting rails separately, if needed).
- Durable, smooth black powder epoxy finish.
- Front and rear vents.
- Ships ready-to-install.
- Made in the USA.

## A & E Specifications:

The shelf or drawer for 19"W rackmount use shall be Lowell Model RSD-116. Shelf shall have a panel space height of 1U. It shall mount to front and rear rails in racks that are 19"-36"D. Load capacity shall be up to 80 lbs. The shelf assembly shall be formed from 16-gauge US steel and have a smooth, black powder epoxy finish.

The RSD-116 can be rackmounted to serve as a shelf or drawer.
