Enclosed Rack Mount Power Distribution Modules: Innovative Solutions for the Entertainment Production Industry

Lex Products' PowerRACK™ Enclosed Rack Mount Power Distribution modules allow convenience receptacles to be added to standard EIA (Electronics Industries Alliance) 19-inch permanent or portable rolling racks. Modules are ETL Listed to UL Standards and are available in 1, 2 and 3 rack unit configurations.

Nineteen different models offer many input and output options, and make the modules exceptionally flexible for shifting power requirements. Typical applications include powering audio and lighting equipment.

Features & Benefits

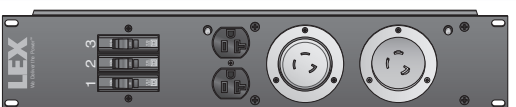

- Product range includes a variety of connectors to meet the changing needs of entertainment venues, including PowerCONs for the growing use of LED lights
- ETL Listed for US and Canada, tested to UL Standards
- Aluminum construction with anodized finish is lightweight for portability and durability, ensuring years of service
- Modules are fully enclosed for easy handling and installation
- Indicator lights and silk-screened labels enable easy circuit identification
- Suitable for Lex Products' PowerRACK Rolling Distribution Racks or any standard 19" rack, permanent or portable

PowerRACK Rolling Distribution Rack Enclosure

PowerRACK™
Rolling Distribution Racks

The Lex Products PowerRACK Rolling Distribution Rack is an ideal accompaniment for enclosed rack modules, due to the rack's nimbleness and durability.

Features & Benefits

- Available in a variety of sizes from 8RU to 28RU
- Lightweight, rugged aluminum frame
- Top, bottom and sides constructed from extremely durable high impact, high density polymer
- Recessed cups on top panel allow stacking for storage
- Recessed hardware helps prevent breakage and catching
- Front and back "snap-in" latches provide easy access without compromising protection
- No exposed latches when doors are removed
- Custom engraving can be routed into the top or side panels

Custom depths available

Custom engraving can be routed into top or sides and inset on laser engraved panels

"Snap-in" latches for easy access and closure

Roadworthy rolling rack construction features high-density panels with recessed hardware and aluminum frame
