

Description:

Aluminum ceiling grille with contoured edge is an industry standard for mounting an 8" speaker in virtually all types of decor. The non-corrosive aluminum material finished in durable white powder epoxy paint provides long lasting quality appearance for use in offices, hotels, schools, medical, retail, and commercial facilities of all kinds. Model A8-AW is precision formed from a single piece of 0.032 aluminum making it suitable for a wide variety of climates including some indoor and outdoor applications where steel grilles would not be suitable. It features a circular perforation pattern and contoured edge for attractive ceiling installation. Each grille is finished in durable white powder epoxy paint and includes eight matching 8-32 Phillips-head screws; four for mounting the speaker driver and four for mounting the speaker-grille assembly to the backbox or mounting ring (order separately). Made in the U.S.A.

Features:

- .032 aluminum
- 12.875" diameter
- Eight (8-32) Phillips-head screws (4 to mount a speaker; 4 to mount speaker/grille assembly to a backbox or mounting ring)

A & E Specifications:

The grille for 8" speaker shall be Lowell Model A8-AW. It shall be fabricated one-piece 0.032 aluminum reinforced with a peripheral flange of 60-degrees. The diameter shall be 12.875" with a shallow mounting projection from the ceiling of 0.25". The grille shall have four 0.218" holes spaced at 90-degree intervals for screw mounting the specified 8" speaker. It shall also have four 0.25" holes spaced at 90-degree intervals on an 11.25" bolt circle for mounting specified backbox or mounting ring. Model A8-AW shall be finished in white powder epoxy and shall include matching screws for speaker and backbox mounting.

Compatible Components: (order separately)

- Speaker Model No.....810, 8C10MRA, CT830, 8A50
- Backbox Model NoCP84, CP87, CP810, DX58, DX108, XCP84, XCP87, XCP810, 8XD4, 8PSBX, RF841, RF871
- Tile Bridge Model NoLBS8, LBS8R1, LBS8CP
- Support Rail Model NoSS24, SS30, SS48
- Mounting Ring Model NoPR81624, RMP8

Accessory Selection Chart (order separately):

Grille No.	Dia. (in)	For Speaker Size (in)	Backbox or Mounting Ring No.	T-bridge or Rails (for suspended tile ceilings)
A8-AW	12.875	8	CP84, CP87, CP810, DX58, DX108	LBS8CP or SS rails
			XCP84, XCP87, XCP810, 8XD4, 8PSBX	LBS8 or LBS8R1
			RF841, RF871	n/a
			No backbox.....	LBS8 or LBS8R1
			Mounting ring (instead of backbox) PR81624, RMP8.....	n/a

Note: Stackable backbox Models 8PSBX and 8XD4 have a conical shape that will not accept a speaker with a large transformer such as TLM870.
