

# LIBERTY

**BATTERY POWERED  
PORTABLE SOUND SYSTEMS**

**FEATURING  
ANCHOR AUDIO WIRELESS UHF  
AND BUILT-IN CD PLAYER OPTION**

*"We use our Liberty equipment for large audio presentations like graduation ceremonies, administrator conferences, conventions and our annual peace officer memorial. We have had so many problems renting equipment with speakers blowing up or mics cutting out. Now we can set-up in minutes. This system has never failed us, and we pride ourselves on having the best A/V equipment around. We have a lot of other Anchor Audio equipment including the Pelican cases that we use to transport the sound system. We want to protect our investment. Anchor Audio equipment has met all of our A/V needs."*
