Installation and Assembly:
Rubber Bumpers for White Board mounts
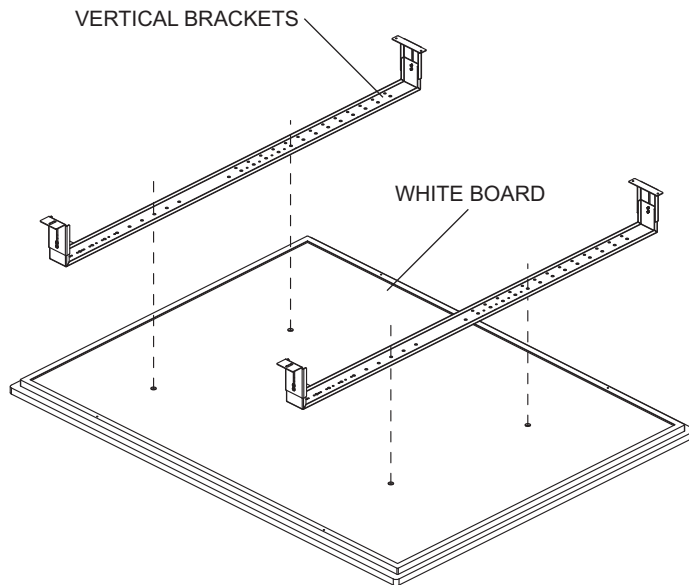

Model: ACC956

Parts List			
Description		**Qty.**	**Part #**
A round rubber bumpers		8	600-0236
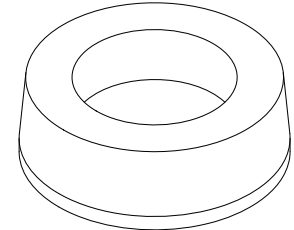

Refer to mount instruction manual for attaching vertical brackets to white board, cable management, and safety warnings.

1 Set vertical brackets onto back of white board to determine where mounting holes will be.

2 Apply eight rubber bumpers (**A**) evenly spaced onto front of two vertical brackets as shown.

NOTE: Be sure not to cover up mounting holes determined in step 1.
