How it works

Sync your mobile device	**Write** with a regular dry-erase marker	**Save** content as a PDF or JPEG	**Share** content remotely, in real-time

Simplicity at its finest

① Plug it in   ② Download the App   ③ Capture, Save, Share

Go Premium

Upgrade to the premium app and unlock amazing functionality, and get even more new features every time they're released.

To get started, download the app

Available on the iPhone **App Store**

ANDROID APP ON **Google play**

The premium app includes:

Expanded live sharing

Share content in real-time with up to 250 participants simultaneously by quickly and easily inviting them to a session, so everyone can see what's on the board as it unfolds.

• Colleagues in the room or anywhere in the world can follow content in real-time on their devices

• Any participant can download the sessions' snapshots directly from their browsers

Secured live sharing

Add additional security and protect your sharing sessions with a PIN code.

• Fully control who can access your live sharing sessions

• Set the PIN from your mobile device and change it at anytime

Static session link

Get started right away by sharing a reusable link before the session begins, so everyone is logged in and ready to go when it's time to work.

• Reuse the same link for every session

• Bookmark the link to easily log in next time

Watermark-free snapshots

Export your snapshots as watermark-free PDFs and JPEGs

• Share the content captured during a session directly from your device with little rework

• Export and drop that content into documents to immediately share and discuss with peers

"I bet your dry-erase board is not as smart as SMART kapp."
