

RoscoLED Tape

Vibrant, Versatile Lighting Solutions

Pro Gaffer Kits

Designed to meet the needs of today's Chief Lighting Technicians and Cinematographers, the RoscoLED Pro Gaffer Kits provide quick and versatile solutions to challenging lighting situations. Utilizing color-correct strips of durable LED tape with simple plug-and-play connections, RoscoLED Pro Gaffer Kits ensure fast, easy set-up, minimizing downtime between takes.

The RoscoLED Tape Pro Gaffer Kits contains several strips of High CRI (>90) LED Tape ranging between 3" and 24" in either Tungsten (3000K) or Daylight (5600K) color temperature. Each strip features a durable silicone coating, which enables them for repeated use indoors or outdoors.

12VDC Power is provided by AC Mains adapter, AA Battery Pack or Car Adapter. The pre-soldered, 2.1mm, Quick-Barrel connections allow the LED Tape inside the RoscoLED Gaffer Kits to work seamlessly with our LitePad product-range - offering a broad range of illumination options to any filmmaker.

WHAT'S IN THE KIT

(2) 3" strips of 12V RoscoLED Tape (3000K or 5600K)
(2) 6" strips of 12V RoscoLED Tape (3000K or 5600K)
(2) 12" strips of 12V RoscoLED Tape (3000K or 5600K)
(2) 24" strips of 12V RoscoLED Tape (3000K or 5600K)
(2) 10-ft extension cables
(1) 4-Way splitter cable
3A Power adapter: 100-240VAC In / 12VDC Out
AA Battery Holder
Car Adapter
Single Channel Dimmer
RF PWM Remote Controller
Durable Sentinel 912 Carrying Case

FEATURES

- High CRI (> 90) Color-Correct White emitters
- Durable Silicone Coating
- IP67 Rated For Indoor & Outdoor Use
- Powered by AC Mains, AA Batteries or any 12VDC source
- Plug-&-Play via Pre-soldered, Quick-Barrel Connectors
- Wireless Control via RF PWM Remote

SPECIFICATIONS

Part No.:	293220003000 – RoscoLED Tape Tungsten Pro Gaffer Kit
	293220005600 – RoscoLED Tape Daylight Pro Gaffer Kit
External Dimensions:	14" L x 12" W x 5.4" H (35.6cm L x 30.5cm W X 13.7cm H)
Weight:	8 lb (3.6 kg)
IP Rating:	IP67
Voltage:	12VDC
