Entry-Level Disc Publishers

Bravo^{se} Disc Publisher

Bravo SE is a compact, all-in-one, automated disc production device that fits perfectly on your desktop. It automatically burns and prints up to 20 discs per job.

It produces full-color, high-quality discs that make your business or organization look truly professional.

Bravo SE is perfect for a wide variety of light- to medium-duty disc publishing jobs. You can burn and print individual discs with unique data or quantities of the same disc.

Just a few of the most popular applications include video and music content, software, press kits, trade show handouts, instruction and training manuals, technical documentation, PowerPoint® presentations, catalogs and more.

FEATURES INCLUDE:

- » Up to 20-disc capacity
- » Color inkjet printing at up to 4800 dpi
- » One high-speed recordable DVD/CD drive
- » Includes burning and printing software for Windows® 7/8/10 and Mac® OS X, 10.6 or higher
- » Bravo SE AutoPrinter also available (no drives, print only)
- » Bravo SE Blu Disc Publisher also available with Blu-ray Disc™ drives and high-speed eSATA interface.

Bravo[®] 4102 Disc Publisher

The World's Fastest CD/DVD/ Blu-ray Disc Publishers.

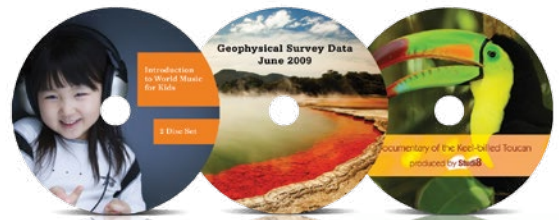

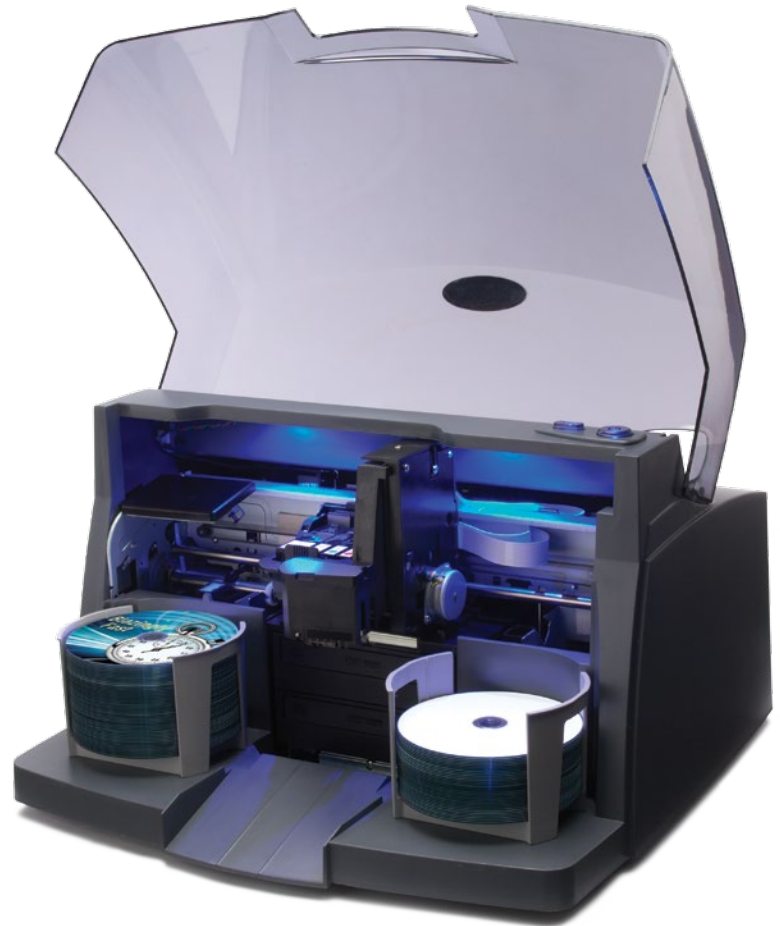

Bravo 4100-Series Disc Printers and Publishers are the fastest in their class. Full-color, 100% coverage discs with near-perfect print quality are printed in just 6 seconds* each. This compares to 20 to 120 seconds on competitive machines to print discs with comparable print quality.

Features of this industry-leading, 100-disc capacity new disc publisher include:

- **6 seconds per disc print speed** – at 100% coverage with near-perfect print quality
- **Individual CMYK ink cartridges** – you'll save money on every disc you print
- **Blazingly fast robotics** – in fact, 300% faster than previous models
- **New eSATA interface for optional Blu-ray Disc™ recorders** – delivers true 12x recording speeds

Three models are available:

- Bravo 4100 AutoPrinter – print only (no recording drive)
- Bravo 4051 Disc Publisher – one recording drive, 50-disc capacity
- Bravo 4101 Disc Publisher – one recording drive, 100-disc capacity
- Bravo 4102 Disc Publisher – two recording drives, 100-disc capacity

See for yourself just how fast the Bravo 4100-Series Disc Publishers can print a disc. Watch the Speed Test at www.primera.com/speedtest

*Print time only.

Bravo 4102 XRP Disc Publisher

Bravo 4102 XRP has the same quality and high-speed features of the industry-leading Bravo 4012 Disc Publisher but in a rack mount steel cabinet.

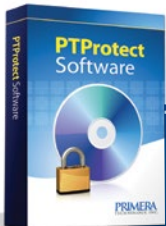

All supplies and finished discs are accessible entirely from the front of the unit. This allows the Bravo 4102 XRP to be placed on shelves or under counters or even mounted in a standard 7U space with optional rack mount kit. It has a steel case and frame and a lockable front panel for use in environments in which an extra measure of ruggedness and security is advantageous.

Just a few of these applications include medical imaging, banking and insurance, government, military, kiosks, digital photo processing, retail music and video download and much more.

FEATURES INCLUDE:

- » Rack mountable
- » Up to 100-disc capacity
- » Six seconds per disc print speed
- » Individual CMYK ink cartridges
- » Color inkjet printing at up to 4800 dpi
- » Two high-speed recordable DVD/CD drives
- » Includes burning and printing software for Windows 7/8/10 and Mac OS X, 10.6 or higher
- » Optional PTPublisher NE for connecting to networks
- » Optional Blu-ray Disc drives with high-speed eSATA interface.

Protect Your Digital Content with PTProtect.

Guard your digital content against unauthorized copying. Built within Primera's PTPublisher duplication software, PTProtect provides a reliable anti-rip solution for protecting DVD Video.

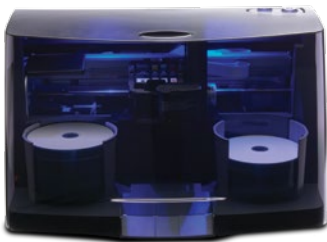

Primera offers complete support of Blu-ray Disc technology across its entire product line. Blu-ray has become the worldwide standard for high-definition video offering more than five times the storage capacity of traditional DVDs. All of our Blu-ray disc publishers also incorporate a high-speed eSATA interface.

High-resolution Blu-ray Discs have become popular among videographers for distributing high-resolution videos of weddings, events and independent films.
