

K67 DJ

ON EAR, CLOSED-BACK DJ HEADPHONES

HIGHLIGHTS ■

Professional 40mm Drivers

For high SPL and accurate detail over a 16Hz–24kHz frequency response

Compact On-ear Design

Provides excellent isolation and noise attenuation

Built to Travel

Professional 3D-axis folding mechanism for easy storage and transportation

Built to Last

XRP³ glass-fiber reinforced polymer parts support a lifetime of use

Designed for DJs and electronic music producers, the K67 DJ high-performance headphones are ideal for both stage and studio. The compact on-ear design provides excellent isolation and noise attenuation, while large 40mm drivers deliver high sound pressure levels so you can hear every detail of the mix. With comfortable leatherette ear pads and light weight, K67 DJ headphones are a great choice for those marathon sessions. They even feature a convenient 3D-axis folding mechanism for easy transport wherever your music takes you.

KEY MESSAGES ■

PROFESSIONAL DRIVERS

When it comes to audio quality, driver size and weight are critical, especially in the lower frequencies. Generous 40mm drivers deliver high sensitivity for powerful output, plus an extended, balanced frequency response that reveals every detail of the mix without artificially coloring the sound. The high SPL and incredible accuracy of the K67 DJ make it an excellent DJ headphone, allowing you to hear every layer of what you're doing over the noise of the club and stage.

BUILT TO LAST

Premium, stylistic materials support a timeless design and a headphone that is long-lasting, rugged and durable.

IN THE BOX ■

K67 DJ Headphones, gold-plated screw on 3.5mm (1/8")-to-6.3mm (1/4") adapter

BUILT TO TRAVEL

A 3D-Axis professional folding mechanism combines with lightweight and quality construction to allow users to carry their headphones wherever they're needed. 32 Ohms guarantees that whether you're plugging into a mixer, a board, a computer or a music player, you'll have the signal strength you need to drive the headphones to full output.

TRY IT FOR YOURSELF ■

Select a track you're familiar with and play it through the K67 DJ. Turn the music up high and note the excellent SPL and outside noise rejection. Take the headphones off and play around folding and unfolding them. See how easy it is to fold for storage and transportation.

TECHNICAL SPECIFICATIONS ■

Design:	Closed-back on-ear headphones
Frequency range:	16 Hz to 24 kHz
Sensitivity:	112 dBspl/V
Max. input power:	200 mW
Input impedance:	32 ohms
Net weight:	200 g (7 oz)
Cable:	99.99% oxygen-free cable 1.8 m (6.0 ft)
Main connection:	3.5 mm (1/8") jack plug with 6.3 mm (1/4") screw-on adapter

ORDER SPECIFICATIONS ■

Weight:	1.17 lbs
Dimensions (L x W x H):	9.25 x 8.86 x 4.33 inches
Master Pack:	30

AKG code:	3283H00020
UPC code:	885038039372
EAN code:	9002761039375
