

# HyperMount<sup>QR</sup>

## Dual Mount Laptop Stand

### QuickRelease™ Center Post

Perhaps the greatest feature of the HyperMount QR is the patented QuickRelease™ adapter, which makes up the better part of its center post. The bottom half of the adapter remains attached to your mic stand as you quickly and easily release the top half and the rest of the HyperMount QR, pop in the included T-stand adapter, and set it on a desktop or other flat surface!

### Portable Production

HyperMount QR is designed to go wherever your music takes you. While sturdy enough to safely hold your laptop and other small electronics, it folds up as one piece and fits in a backpack! Fold it up when you're on the go; set it up when you're ready to play.

With included T-stand adapter.

Mounted on microphone stand (5/8" thread).

HyperMount QR on top an AX-48 Pro keyboard stand.

## HyperMount<sup>QR</sup> SPECS

- USS Part Number: 17511
- USS Part Name: HYM-100QR
- Height: 5.75" (146mm)
- Height w/T-Stand: 6.75" (171mm)
- Arms Width: 10.25" (260mm)
- Arms Depth (inside): 8.0" – 13" (203mm – 330mm)
- Folded Dimensions: 1.5" x 10.5" x 13" (38mm x 267mm x 330mm)
- Weight: 3.35 lbs. (1.5 kg)
