

A145

PROFESSIONAL STUDIO HEADPHONES WITH EXTENDED BASS

OVERVIEW

The A145 recreates the listening experience of a control room or recording studio environment. Tight bass, clear and accurate midrange, and smooth highs make the A145 a perfect choice for headphone mixing, playback and critical listening for both professionals and music lovers alike. The 45 mm drivers are high-performance and phase coherent, delivering a consistent, reliable sound mix after mix.
