# BOREAS S4

THE BOREAS S4 IS AN EXTREMELY CAPABLE MACHINE THAT PROVIDES AMAZING FLEXIBILITY IN YOUR SNOW EFFECTS. WITH 12X DIFFERENCE BETWEEN ITS HIGHEST AND LOWEST SETTINGS, THE S4 PROVIDES ULTRA-PRECISE CONTROL OF YOUR FLAKE SIZE. AT ITS LOWEST SETTING, THE S4 PROVIDES THE USER WITH A VERY FINE PARTICLE SIZE THAT CREATES A BEAUTIFUL FLURRY EFFECT. AT ITS MAXIMUM SETTING, THE MACHINE WILL PUT OUT HEAPS OF THICK SNOW THAT WILL BUILD UP AND CLING TO THE SURFACES IT TOUCHES. BY INCLUDING A LOW FAN SETTING, THE MACHINE IS ABLE TO OPERATE AT AN EFFICIENT 800 WATTS AND AT AN AMAZINGLY LOW DECIBEL LEVEL, MAKING IT PERFECT FOR INDOOR USE IN THEATER AND LIVE PERFORMANCES.
