

Focusrite[®]
REDNET[®]

Save up to \$900 with Focusrite's I/O Trade-In

RedNet is Focusrite's finest range of modular Ethernet-networked audio interfaces. Designed with multiple audio applications in mind, RedNet is a scalable, near-zero latency system that harnesses the power of Audinate's Dante digital audio networking system. Using standard Ethernet technology, RedNet combines premium, versatile interfaces with the highest quality in sound and performance.

Owners of the following I/O devices are eligible for a 1-to-1 trade-in discount on select RedNet units:

RedNet Product Savings

RedNet 1	\$600.00
RedNet 2	\$900.00
RedNet 3	\$400.00
RedNet 5	\$500.00
RedNet PCIe	\$300.00
