How it Works:
-Buy any product from the platinum category and select a free product from Gold, Silver or Bronze (not Platinum)

-Buy any product from the Gold category and select a free product from Gold, Silver or Bronze
-Buy any product from the Silver category and select a free product from Silver or Bronze
-Buy any product from the Bronze category and select another free product from Bronze

How to receive your free product:
1. Purchase and register your initial product
2. Following your successful registration, access your IK user area. There you will be provided a list of the eligible products you can choose from. Select the product you wish to receive free.
3. The free product you selected will now appear in your "Downloads" section. Download, install and then you are ready to go. Enjoy!

That's our way of thanking all IK users that have supported us through the years to achieve this important milestone. With your continuous support you can be assured that IK will keep listening to you and produce revolutionary new instruments that will help you in making better music.

That's IK's Million Installations Celebration!
