CONTOUR DESIGN SHUTTLEPRO USB CONTROLLER

The ShuttlePRO V.2 is designed for ergonomic integrity and to maximize productivity, allowing 1-hand access to the 15 fully programmable buttons and jog/shuttle knob. Nine of the buttons have removable keycaps for easy labeling and referencing. The inner ring or 'jog' rotates through 360° and provides precision frame by frame control. The outer black ring or 'shuttle' is rubberized and spring-loaded. It facilitates fast forward and rewind. You can also use the jog and shuttle for many other purposes such as scrolling, volume control, and sequencing. Pre-configured for dozens of applications. Works with Mac or PC.
