westcott

WESTCOTT SILVER SOFT BOXES

These newly-designed soft boxes are the perfect solution for obtaining soft, diffused lighting. They come standard with 2 (tent-style) heat vents allowing quick and easy ventilation under extreme heat without losing light. Their rigid body construction, color-tested removable diffusion panel, and inner baffle provide quality results. Rods are constructed from a high carbon stainless steel and the rounded fitted collar is made of heat resistant material. Silver interior ensures maximum light output. Adapter rings sold separately.

ITEM	DESCRIPTION	PRICE
4805	12" x 16" silver Soft Box, 500W fixture maximum	118.45
4830	16" x 22" silver Soft Box, 500W fixture maximum	144.10
4831	24" x 32" silver Soft Box, 500W fixture maximum	175.00

4833	54" x 72" silver Soft Box, 500W fixture maximum	381.00

WESTCOTT STRIP BANKS

These strip banks are constructed of top quality fabrics and their slim profile requires minimal setup room. Each unit comes standard with an outer removable diffusion panel and 2 inner baffles that create two distinct lighting patterns. The solid white baffle offers a hot spot or specular highlights in the center. The baffle, consisting of the silver circular center, evens the light to less than 1/2 F-stop light loss from center to edge.

ITEM	DESCRIPTION	PRICE
3666	12" x 36" strip bank	148.85
3667	12" x 50" strip bank	238.60
