2203X

MARSHALL AMPLIFICATION VINTAGE SERIES TUBE GUITAR AMPLIFIERS

The Vintage Series comprises faithful reproductions of Marshall's classic originals. The 1959SLPX is a reissue of the late '60s/early '70s 100W Super Lead Plexiglass head, used by countless classic bands. Sharing the same front and rear panels, the 50W 1987XL has its own distinct personality with sweet and warm tonality. The 2203X is a reissue of the JCM800, a single-channel, master volume 100W amp with more gain and aggressive tone than the 1959SLPX. All models include a switchable Series Effects Loop with true bypass.
