

**ION AUDIO TAPE2PC USB DUAL-WELL CASSETTE DECK**

This is a dubbing and playback deck with digital-audio output via plug-and-play USB audio interface which requires no drivers for use with most computers. It comes with EZ Tape Converter software for PC, and EZ Audio converter software for Mac, which allow you to import your music into iTunes. When you're finished archiving your cassettes to your computer, you can connect the unit to your stereo system using standard RCA cables. System requirements are: a USB port, CD drive, WinXP/Vista, or Mac OS 10.4 or later.
