### PANASONIC WV-CF324 HI-RES DAY/NIGHT FIXED DOME SECURITY CAMERA

Offers 540 TV lines and 1.8 lux sensitivity via the camera's Day-Night function. Adaptive Black Stretch enhances the visibility of dark areas without compromising the lighter areas. Also features a 2.8~10mm 3.6x Varifocal auto iris lens, auto black focus, black-light compensation, auto-tracing white balance, monitor output, ELC mode, and automatic light control. Multiple cameras can be synced using the camera's VD2 vertical timing pulse. Can be flexibly installed thanks to its 3-way hinge, which offers horizontal, vertical and swivel rotation.

ITEM	DESCRIPTION	PRICE
WVCF324	Day/night fixed dome security camera	320.90
WVWF5C	Clear dome cover, NTSC only	53.40

### PANASONIC WV-CW384 OUTDOOR SURVEILLANCE CAMERA

This self-contained, weatherproof camera incorporates Panasonic's Super Dynamic III technology for exceptional images in virtually any lighting condition. The 1/3" CCD has high resolution of up to 540 TV lines in high color mode and 570 lines in b&w. An 8x variable focal lens (5.0mm-40mm), 2x digital zoom and ultra sensitivity ensure high quality images even in dimly lit areas. A motion detector is incorporated in the system and a blue LED blinks once motion is detected, acting as an additional deterrent. Sensitivity is 0.65 lux (color) and 0.09 lux (b/w). The unit conforms to IP66 standards to resist, moisture and dust. The built-in fan, heater and sun shield maintains operating temperatures from -22°F to +122°F. Includes a versatile mounting bracket which encloses video and power cables. 24V AC or 12V DC compatible.

WVCW384	Outdoor surveillance camera	981.92

## Panasonic

### PANASONIC DAY/NIGHT VANDAL-PROOF SUPERDYNAMIC III CAMERAS

These cameras are made of die-cast aluminum with a clear dome made of 3.5mm thick polycarbonate to resist severe shocks and abuse. They feature high image quality, increased sensitivity, day/night switching for 24-hour surveillance and a multi-function digital motion detector. In addition these cameras incorporate an anti-shock Auto Back Focus (ABF) mechanism, ensuring crystal clear surveillance around the clock. Highly resistant to dust and moisture, these units meet IP66 standards. They are fully equipped with intelligent surveillance performance including 128x dynamic range. They come with adaptive digital noise reduction (50db signal/noise ratio) and auto image stabilizer. The 1/3" CCD features 650-line color/700-line B&W horizontal resolution, 2x variable focal lens with 0.1 lux sensitivity in color, and 0.04 lux in black & white. Optional heater unit is available. Surface mount model is for direct attachment to walls, ceilings and eaves. Flush mount model is for insertion in an existing junction box.

ITEM	DESCRIPTION	PRICE
WVCW504S	Surface mount day/night vandal proof camera	380.41
WVCW504F	Flush mount day/night vandal proof camera	367.48
WVCW5H	Optional heater unit	23.30
WVQ115	Mounting base for WVCW504F	53.05
WVCW4S	Optional smoked dome cover	37.53

### PANASONIC H.264 REAL-TIME DIGITAL DISK RECORDERS

Both the WJ-HD1616 and WJ-HD716 DDRs feature Panasonic's proprietary UniPhier System LSI platform, which provides field recording of 240 images per second and frame recording of 120 ips for the WJHD1616s. The WJHD716s offer real-time field recording of 480 ips and frame recording of 240 ips. Using the H.264 codec allows the DDRs to efficiently use disk space while providing high compression encoding. The 1616s feature 8 analog BNC video inputs, while the 716s feature 16. Both have 4 RCA audio inputs. In addition, both feature 4 front-accessible HDD slots, SD/SDHC memory card slots, live and playback monitor outputs (HDMI, BNC), 2 dual-1080i-supporting HDMI interfaces, and 4-16 split screen display modes. Up to 5 units can be cascaded for increased camera support (max. 80 cameras). Both units can be operated via network by up to 8 users simultaneously. The WVCU650 system controller sports a jog dial, shuttle ring, large numeric keypad, and a detachable joystick for pan/tilt/zoom operations. It can be used to control the WVASM100 camera operation & management software, which can work with up to 100 different recorders and 3200 different cameras, via direct or networked connections to devices.

## TAMRON

### TAMRON VARI-FOCAL LENSES

Tamron, the inventor of the vari-focal lens, offers a wide variety of fixed and vari-focal lenses. Vari-focal lenses are ideal for security installers because the field of view is adjustable. This greatly reduces the number of lenses required "on hand" to complete an installation. Tamron lenses are competitively priced and offer exceptional picture quality. Listed here are the most popular vari-focal lenses Tamron offers, call us for a complete list of CCTV lenses available from Tamron.
