SACHTLER CINE DSLR PRO FLUID HEAD AND TRIPOD SYSTEMS

The CINE-DSLR fluid head has a payload range up to 11 lbs and is ideal for digital single-lens reflex cameras with HD video function. It has a 10-step counterbalance and 3 vertical horizontal grades of drag (+0). A robust metal housing protects it from exterior influences and comes with a special camera plate with an anti-twist retainer for HD DSLR cameras. Special lubricated oil damping allows filming in extreme temperature ranges. This head operates with reliable switching between settings so camera setups can be quickly balanced.

Vinten

Camera Control Solutions

VINTEN VISION BLUE CAMERA SUPPORT SYSTEMS

The Vision blue head is designed to provide professional support to match the high performance of today's lightweight camcorders and DSLRs. It balances payloads between 4.6 - 11 lbs with a low center of gravity of around 2.2". It also features an infinitely adjustable Perfect Balance, infinitely adjustable LF drag system and a standard long slot Vision AS camera plate with 1/4" screw and pin assembly. It is available in 2 system combinations, combining a 2-stage aluminum Pozi-Loc tripod and case with either a floor or lightweight mid-level spreader. Both systems include the 3819-3 tripod which has a height range of 21.7" – 66.7", transport length of 32.9" and weighs 17.3lbs.

ITEM	DESCRIPTION	PRICE
VB-AP2F	Vision blue head w/2-stage aluminum Pozi-Loc tripod, floor spreader, soft case	1164.40
VB-AP2M	Vision blue head w/2-stage aluminum Pozi-Loc tripod, lightweight mid-level spreader, soft case	1164.40

ANTON BAUER EGRIPZ HANDHELD CAMERA SUPPORT

EgrizZ handles are a flexible polymer to make the camera easier to hold securely and comfortably - on the hottest day or in the trickiest of positions. Weighs just 12.2oz and mounts easily to the camera's 1/4-20 tripod mounting. It can flex into virtually any position around the camera without getting into the way of normal camera operation. One hand operation is more comfortable with EgrizZ as a forearm support - preventing the camera from "rolling" on the operator's wrist. Low shots and high perspectives are much easier and steadier with two hands to stabilize the camera. EgrizZ attaches easily a monopod or other support for additional stability via the 1/4-20 base mount.

ITEM	DESCRIPTION	PRICE
EGRIPZ	Handheld camera support	87.47

ANTON BAUER STASIS FLEX POWER SUPPORT SYSTEM

Not simply a shoulder mount, Stasis redirects the geometry of a handheld camera to make use of the most stable platform in the world-the human body. By redirecting the weight of the camera into the torso and over the shoulder, the weight of the camera is redistributed off the operators hand, relieving fatigue and stabilizing shooting. With its revolutionary, patent pending infinitely adjustable mechanism which allows the operator to position the camera in virtually any shooting position- forward/back, in/out, up/down- the camera can be repositioned instantly and locked in place at the touch of a lever. Stasis Flex can be used as a standalone body support, with hard points on the rear pad to mount peripherals-like wireless receivers, hard drives or transmitters. Gold Mount series batteries can be used to extend runtime.

BEBOB ZOE SERIES ZOOM CONTROLS

DVXL is the first universal remote zoom control for DV, designed to work equally well with camcorders featuring a LANC input, such as Sony or Canon, or a Cam Remote input, like the Panasonic HVX-200 or AG-DVX100. It features the benefits of the Zoe family of HDV/DV products. ZOE III provides optimal zoom control in a compact user-friendly remote that easily mounts to tripod handles. It automatically detects what manufacturer lens it is attached to and adjusts itself accordingly. The ZOE III offers innovative remote functionality, including variable stepless zoom speed control, record start/stop button, return function button, and a zoom direction change button.

ITEM	DESCRIPTION	PRICE
BE-ZOE-DVXL	Remote zoom for LANC/Cam Remote DV	251.00
BE-ZOE-ENG8	Zoe III for 8-pin lenses (Angenieux, Canon, Fujinon)	545.00
