**SONNET ECHO™ EXPRESS III-D/III-R PCIe-THUNDERBOLT EXPANSION CHASSIS**

Available in desktop or rackmount form factors these rugged, lightweight expansion chassis allow you to connect up to 3 full-length, full-height, single-width PCIe cards to any Mac with a Thunderbolt port. Thunderbolt 2 technology allows for transfer speeds of up to 20Gbps, ensuring sufficient bandwidth for any PCIe card, even high-bandwidth cards such as a multi-port 10Gigabit Ethernet card. Dual top-mounted vari-speed fans assist thermal dissipation through low form-drag grilles for quiet operation. Includes a Thunderbolt cable, cable lock (to prevent accidental disconnection), and 5-year warranty. Rackmount version is 2RU high.
