DENON

DENON MC6000MK2 DIGITAL DJ MIXER/DJ CONTROLLER

The MC6000MK2 is Denon's next generation flagship professional DJ controller and digital mixer. Its slimline, table-top steel chassis blends a 4-channel/8-source real-time matrix operational digital mixer with a 24-bit digital/analog audio interface. This MK2 version operates out of the box with the bundled Serato DJ Intro software and is fully MIDI compliant to work with other software solutions via supplied or created mappings. I/O includes USB for audio and MIDI, (2) mic inputs, one each on XLR and 1/4", (4) Stereo L/R RCA, and outputs on (2) XLR, (2) 1/4" booth (2) RCA. For a full list of the MC6000mk2's features, shop fullcompass.com or call one of our Sales Pros today.

NATIVE INSTRUMENTS TRAKTOR KONTROL S2 MK2

A professional 2-deck controller with a mixer, controls for multi-effects units and a 3rd channel for samples. Its ergonomic mixer section has 3-band EQ, rugged long-life faders and headphone pre-listen cue buttons. An additional "Remix" knob allows smooth mixing of Remix Deck slots as a 3rd channel. The Kontrol S2 Mk2's high-res jog wheels are pressure-sensitive and feature 30x more data transfer than competing controllers using standard MIDI protocol. High-end Cirrus Logic AD/DA converters and an audio response of 24-bit/96kHz provide pro-quality sound. This rugged portable controller ships with the full version of Traktor Pro 2.6. The mirrored design of the controller reflects the layout of the software, ensuring ease of use. I/O consists of 1/4" TRS and stereo RCA.

NATIVE INSTRUMENTS TRAKTOR KONTROL X1 USB DJ CONTROLLER

For use with any DJ software. Whether you use DVS timecode or software, simply connect it to a computer running Traktor (or other performance software) and gain instant control of your decks and effect parameters. Robust rotary knobs with a heavy-duty feel and backlit buttons provide precise visual and tactile status feedback- letting you explore Traktor without having to touch your computer. All buttons and knobs have been pre-mapped for optimum Traktor R use but can be reconfigured in any way you like. It can also be used as a MIDI controller for any software as well as expanded with a second unit to control 4 decks and 4 FX units.

NATIVE INSTRUMENTS TRAKTOR Z2 2+2 CHANNEL CONTROL MIXER This powerful device combines a two-channel mixer with two additional Remix Deck channels, TRAKTOR SCRATCH timecode vinyl and TRAKTOR Scratch Pro 2 to create the ultimate DJ controller. The DJ-friendly layout features ultra-reliable Innofaders™, Macro FX encoder for one-touch FX processing, Flux Mode buttons, multi-colored cue point triggers, 3-band EQ and per-channel filter controls. Pristine sound is provided by Cirrus Logic A/D converters and integrated 24-bit/48kHz soundcard while the aircraft-grade aluminum chassis is built tough for professional club use. The flexible I/O section offers phono, microphone, line and aux inputs, as well as headphone, XLR booth and XLR or RCA Master outputs. The Z2 integrates easily with other TRAKTOR devices to create a powerful system customized to your needs, while HID integration allows the Z2 to integrate with Pioneer CDJ devices.

Pioneer

PIONEER DDJ-SX DJ CONTROLLER

Designed for Serato software, this 4-channel DJ controller pushes the envelope for integration and control. It features a wide variety of I/O giving you the flexibility to add virtually any external source or effect to your rig. On each side of the unit there are 8 performance pads that can be configured for hot cue, roll, slicer and sampler. A large platter jog wheel gives the DJ a greater degree of control when searching and scratching tracks. The center section is a 4-channel mixer with control over EQ, mix, level meters and more and can be used standalone as a mixer for external sources as well as sources inside Serato.

PIONEER XDJ-AERO WIRELESS DJ SYSTEM

Designed for DJs using tracks in smartphones and tablets via WiFi, this mixer also features 2 on-board media players. Free apps allow tracks stored in up to 4 mobile devices to be played and mixed wirelessly. It also has ports for connecting external devices such as CD players and turntables, for use as an independent mixer. Jog controls combined with onboard effects enable a wide range of arrangements and mixes. The Beat Sync™ button automatically synchronizes tracks while the Auto Mix function enables playback of playlists using cross-fade or fade-in/fade-out. A USB port on the top panel allows direct recording to a USB storage device. Features high-performance channel fader, Auto Beat Loop™ function, Quantize function, LCD screen, 3-band EQ, MIDI/HDI control capability, built-in high-quality audio interface and microphone-in jack. Also available in pearl white.

RANE

RANE SERATO SCRATCH LIVE PACKAGE

Includes the SL 2 USB interface as well as Serato Scratch Live software for the ultimate solution, bridging the analog world of vinyl with the digital world of computers. Using regular turntables or CD players, files from a computer hard drive can be scratched and mixed. The Scratch LIVE system features full iTunes library support, extensive keyboard shortcuts and auto-BPM/auto-gain detect functions. The included SL 2 interface connects 1 or 2 standard vinyl or CD turntables to your Mac or PC. This bus-powered USB interface features 24-bit 44.1/48 kHz sample rates, 2 switchable phono or line inputs, a microphone input, 2 line RCA outputs and pass thru outputs for the phono/line and mic. The included (2) 12" vinyl records each have a unique control signal that allows Scratch Live to track the motion of the record, simulating the same movement with digital audio. Package includes SL 2 USB interface, (2) control vinyl records, (2) control CDs, Serato Scratch Live software, (4) RCA cables and (1) USB cable.

ITEM	DESCRIPTION	PRICE
SL-2	Scratch Live DJ Package	499.00

RANE SL4 SCRATCH LIVE FOR SERATO Merge your vinyl, CD and digital audio DJing to one platform with Serato Scratch Live and the Rane SL4. In addition to being a 10-in/10-out sound card, the SL4's interfaces allow you to connect up to 4 vinyl or CD turntables to your computer with a single USB connection. Two USB ports are provided to allow seamless DJ changeover. SL4 has 4 stereo inputs switchable for Phono/Line, 4 stereo line level outputs, a stereo line-level Aux input, and stereo Aux output, all on RCA connectors. Package includes the SL4 interface, soft carrying case, Serato Scratch Live software, power adapter, 2 USB cables, 6 stereo RCA cables, 4 control CDs, and 4 control vinyl records. Replacement control CDs and color control vinyl also available.
