AH300	300W 5-channel multi-instrument amp with on-board DSP, 15" driver	549.95

Leslie

LESLIE MODEL 3300 KEYBOARD AMP

A single-channel amp featuring a 2-speed horn rotor coupled to a heavy-duty driver and 15" woofer. Powered by a 300W solid-state amplifier with a real vacuum tube preamp. The 11-pin and 8-pin Leslie sockets allow connection and onboard control with Hammond Organs and most other electronic organs and keyboards can hook up to the 3300 via 1/4" line in and 1/4" footswitch jack. Built with a rugged cabinet and high-impact black finish, making it lighter than a traditional Leslie. Heavy-duty casters allow easy transport. Other features include controls (master volume, bass, mid-range, treble, horn level, and subwoofer level), and a 1/4" line out jack (for powered sub or similar). Slow and fast speeds, rise and fall times, and brake time can all be adjusted.

ITEM	DESCRIPTION	PRICE
LESLIE-3300	300W keyboard amp, 2-speed horn/bass rotor	2495.00

Roland

ROLAND KC SERIES MIXING KEYBOARD AMPLIFIERS

The KC series of keyboard amplifiers has a model to meet any player's needs, from a 30W battery powered mixing amp to a powerful 320W stereo amp with DSP. All models feature inputs for stereo sources like keyboards and electronic drums as well as microphone inputs. The KC110 runs on 8 AA batteries, has a built-in tilt-back stand and will mount on standard speaker stands. The flagship KC880 features Roland's DSP effects for keyboards and vocals. All models have headphone output, aux input and stereo line output.
