MARTIN GUITARS USB ACOUSTIC/ELECTRIC GUITARS

Classic and current combine to create these great-sounding, affordable instruments with onboard USB for making great-sounding computer-based recordings. The comfortable solid Sipo 14-fret neck hosts 20 frets on its black Richlite fretboard while the A-Frame "X-1"-braced solid Sitka Spruce top creates crisp cutting tone, mellowed slightly by the solid saepele back and sides. The natural-sounding onboard Fishman Sonitone USB preamp places volume and tone controls inside the soundhole, where they're easily accessible for on-the-fly adjustments, and provides 1/4" and USB connections. Hardshell case included.

DCPA4-SHADED

GPCPA4-SHADED

MARTIN GUITARS SHADED ACOUSTIC GUITARS

Whether they're being played by a campfire, or under stage lights, these shaded-top acoustic/electric guitars look as great as they sound. The solid Sitka Spruce top offers eye-catching 17-style shading and clear tone while the saepele back and sides add warmth to the tone. Hybrid "X" scalloped bracing provides a strong base for the top, while still allowing it to resonate freely and project amazing tone. For amplified situations, the onboard Fishman F1 Analog preamp provides volume, tone and phase controls and also includes an onboard tuner to help ensure your performances will sound their best. Includes hardshell case.

D-17M

000-17SM

MARTIN GUITARS 17 SERIES

So popular they're back in production for a third time. These all solid-wood guitars resurrect the classic aesthetics of Martin's Style 17 guitars, which were produced from 1856-1898 and 1906-1968. Both models feature a shaded gloss Sitka Spruce top, mahogany back and sides, and tortoise brown binding. The dreadnought-sized D-17M is perfect for everything from introspective fingerpicking to fiery rock 'n' roll, while 000-sized 000-17SM provides a smaller 12th-fret body and vintage-style slotted headstock.
