Welcome to the Full Compass Catalog for Spring/Summer 2011. The following 24 pages have been specifically designed to highlight products of interest for our Educational customers. In this supplement you will find a selection of classroom products, special software, science lab and music room furnishings which go beyond the scope of our regular catalog listings.

To see even more products than we can represent in the limited pages of this catalog, please visit us online at [fullcompass.com](http://fullcompass.com) or call a Sales Pro at 800-356-5844 for assistance and sales quotations. We have also produced a special supplement for our House of Worship customers, available for download on our web site. [fullcompass.com/publications](http://fullcompass.com/publications)

We hope you find this catalog and the 24-page Education Market supplement useful.

GEAR UP FOR EDUCATION!

**ATLAS SOUND AL2430-2PH CLASSROOM SECURITY & SOUND REINFORCEMENT SYSTEM**

This system is designed for use in K-12 and higher education facilities or where a room constrained public address system is required. The system consists of an amplifier/receiver, wireless microphones, and docking station. It is designed to allow the teacher and students to walk freely around the room with the infrared microphones/system control units and project their voices through installed speakers. The AL2430 pendant/handheld microphone transmitter allows teachers to control microphone volume, overall system volume and mute settings via side-mounted soft touch controls. When transmitter is configured for "student" mode operation, the transmitter functions as a wireless microphone only without the control features. Its receiver/amplifier provides intuitive control of all system components and includes inputs to accommodate most any multimedia source. The charging station includes a dock section to charge 2 pendant transmitters and 4 AA rechargeable batteries simultaneously. Unit may be wall mounted via integral keyhole slots or shelf mounted for easy accessibility. Up to 3 infrared dome sensors may be used with the AL2430 receiver/amplifier to extend wireless coverage (2 are included with the system).

ITEM	DESCRIPTION	PRICE
AL2430-2PH	Includes 2 pendant/handheld transmitters, charging station, receiver/amplifier, 2 IR receiver domes w/cables, rechargeable batteries, and power supplies	1084.50
AL2430-2PH-SD4	Same as above plus 4 Atlas Sound SD72W loudspeakers, 4 81-8 Tile Bridges, 4 CS95-8 Enclosures and 100' of plenum rated 18/2 speaker cable (Loudspeaker system is UL Listed for use in air handling (plenum) spaces per UL2043 standard	1220.50
AL-HSM	Headset w/mic	50.27
AL-DOME	Infrared dome sensor	51.50

**AZDEN IR-CS/IR-WS INFRARED CLASSROOM SYSTEMS**

In today's RF saturated world a regular (VHF or UHF) microphone system risks interference from a variety of other devices and sources. This infrared (IR) system is perfect for classroom audio, since, unlike the other systems, IR is short-range, cannot penetrate walls, and is line-of-sight. This means that a school can have as many classrooms as desired with individual audio systems, without fear of interference. Since it is dual-channel, the teacher can have one microphone and a second person can also have a microphone. In addition, since each class-room system is on the same pair of channels, teachers can go from room to room without having to switch microphones. Although you can purchase components separately to customize your own system, there are 2 pre-configured systems for ceiling-mount or wall-mounted speaker situations. The IRR30P receiver has 2 aux inputs to connect line level devices (CD/MP3 players, VCRs, etc), and a line level output jack. For bigger rooms up to 3 additional external IR sensors can be attached. With all 4 speakers attached, sound is spread equally throughout the room, allowing students to hear equally.

ITEM	DESCRIPTION	PRICE
<b>Complete Classroom Systems (just add speaker wiring)</b>		
IR-CS	IR wireless/ceiling-mount speaker system w/ 1 IRR-30P receiver w/ power supply, 1 IRN-10 transmitter/mic, 1 IRH-15c handheld transmitter, 1 IRD-60 sensor, 4 ACS-6.5 speakers, 2 BC-29 AC/DC chargers, and 4 IHR-3U AA NiMH batteries	875.52
IR-WS	IR wireless/wall-mount speaker system w/1 IRR-30P receiver w/ power supply, 1 IRN-10 transmitter/mic, 1 IRH-15c handheld transmitter, 1 IRD-60 sensor, 4 AWS-4.5 speakers, 2 BC-29 AC/DC chargers, and 4 IHR-3U AA NiMH batteries	802.56

**Components**

IRR-30P	Dual-channel powered receiver w/power supply, 5W x4 @ 4ohms	328.32
IRR-30	Dual-channel receiver w/power supply	291.84
IRN-10	Dual-channel selectable neck worn transmitter/uni-directional mic combo	109.44
IRH-15C	Dual-channel selectable handheld transmitter w/uni-directional head	170.24
IRD-30	3-diode external wall mounted IR sensor	55.82
IRD-60	6-diode external wall mounted dome IR sensor (uses RG59, 75-ohm coaxial cable)	98.00
ACS-6.5	6.5" drop-ceiling mountable coaxial speaker (each)	33.49
AWS-4.5	4.5" wall mountable 2-way speaker (pair), includes brackets	31.01
APS-25	AC-powered speaker - can use 1 or 2 APS-IR receivers	151.16
IHR-3U	"AA" NiMH - 2000mAh rechargeable battery, each	11.20
BC-27	AC/DC power supply for IRR-15 and IRR-30	22.40
BC-29	AC/DC recharger for IRB-10c	26.14
BC-30	AC/DC power supply for IRR-30P	37.34

1000-0001

**DUKANE AUDIO ENHANCEMENT SYSTEMS**

Audio Enhancement's teardrop-shaped microphone hangs like a necklace to capture and deliver clear sound. The mic operates for 8 hours; no external battery or belt pack required. At the end of the day the pendant mic or hand held mic can be inserted into a charging stand and fully charged by the next morning. The IR signals are confined to the classroom and thus adjacent rooms can be operating with identical equipment without any interference or special settings. A second mic channel is also available in each room.

ITEM	DESCRIPTION	PRICE
1000-0001	Achiever system w/dome receiver, 20W receiver/amp, teacher mic, 4 ceiling speakers, 50ft hook up cable & wires	1395.00

1000-0138	Ultimate2 system w/dome receiver, 50W receiver/amp, teacher mic, 50ft hook up cable (No speakers)	1495.00
CS-07	Charging stand, holds both lavaliers neck mic & handheld mic	128.00

**DUKANE CONVEY ACLICK SYSTEM**

With the AClick system, students use remote "clickers" to respond to questions displayed on a screen or whiteboard. This system delivers questions in formative, summative, ad hoc or web-driven formats. Every student participates in learning and sees how they're doing with instant feedback while Convey displays group results on screen. Teachers control what the class sees. The AClick handheld remote "clicker" is ergonomically designed with solid construction for classroom use and employs RF technology for dependable, individualized interaction between teacher and students.

ITEM	DESCRIPTION	PRICE
SRS-KIT32	Kit w/32 AClick remotes, RF Base Station, carry case, batteries & Convey software	2345.06
SRS-KIT26	Kit w/26 AClick remotes, RF Base Station, carry case, batteries & Convey software	1973.81
SRS-KIT24	Kit w/24 AClick remotes, RF Base Station, carry case, batteries & Convey software	1887.19
SRS-SINGLE	Single AClick remote w/batteries	68.06
SRSBASE1-USB	RF base station w/USB cable	246.26

**HAMILTON-BUHL USB TRANSFER EXPRESS**

An economical way to copy large amounts of data from one USB drive to 15 targets at the same time and vice versa. USB 2.0 compatible to ensure fast transfer speed. A stand-alone system that does not require a PC. Utilizes FAT, FAT32, VFAT, and ext 2 file formats. Copy speed is up to 480Mb/sec to all 15 targets simultaneously. Supports MP3/WMA/WMV/WAV/ASF files. Use any combination of USB2.0 compatible data devices - flash drives, SD/CF cards, USB2.0 HDDs, MP3 players, and more. Daisy-chain an additional unit for up to 30 targets total. Erase functionality erases multiple memory sticks simultaneously.

ITEM	DESCRIPTION	PRICE
USB-TEXP	1 source to 15 target USB drive duplication system, duplicator only	799.00
EDU-CAST	Kit, USB-TEXP with 16 - 1GB MP3 Players	1210.92

**HAMILTON-BUHL STUDY BUDDY DIGITAL FLASH CARD READER / RECORDER**

Ideal for the K-12 market, this system is an electronic, interactive, and customizable learning system based on your curriculum. It utilizes both visual and auditory cues to reinforce learning. Create a lesson or activity in minutes that meets the needs of individuals or small groups of students. Using dry-erase pens, photographs, graphics and/or original artwork that is prepared on reusable electronic cards, teachers can record an accompanying voice instruction that is unique for each card. By combining voice and graphics, student learners can work independently with the card sets on a variety of topics. Each card can record up to 10 seconds of audio. Ideal for foreign language labs due to the auditory cues. Please see a PDF on our website for a curriculum guide.

ITEM	DESCRIPTION	PRICE
STBDY1	Flash card reader kit, includes one audio card reader, 36 re-usable, double sided flash cards, maximum memory is 72 cards, runs on 3 AAA batteries (not included)	30.98
GPSTB-6	Flash card reader kit, includes six audio card readers, 216 re-usable, double sided flash cards, maximum memory is 72 cards (per reader), runs on 3 AAA batteries (not included)	185.88
RBLE36	One pack of 36 re-useable cards for STBDY1 or GPSTB6	6.67
WRN36	One pack of 36 write-on cards for STBDY1 or GPSTB6	9.10

**MIPRO MA101ACT WIRELESS CLASSROOM PA SYSTEM**

Lets instructors carry their own wireless mic from one classroom with wireless speakers to another similar room. Upon entering a room, you can turn that room's system on or off or adjust its volume. You can also play a CD or MP3 player through the speaker by connecting it to the wireless mic, which can be used as a handheld mic, a neck-worn lanyard mic, or in conjunction with a hands-free headset mic. Features 100 built-in UHF frequencies, 30W RMS output and wall/ceiling mounting capabilities.

ITEM	DESCRIPTION	PRICE
MA101ACT-SYSTEM	Wireless classroom PA system, includes MA101ACT speaker, MT101ACT multi-function remote control/wireless mic, and MP101ACT microphone charger	463.58
8MS11	Wall mounting bracket for MA101ACT	14.78
PC11	Field remote frequency programmer	507.05
MA101AXP	Passive extension speaker	159.36

**revolabs CLASSROOM WIRELESS AMPLIFICATION SYSTEM**

This system comes with everything needed to install an amplification system in a classroom environment, including 2 speakers with wall mounts, a transmitter/receiver, the Revolabs RF Armor wireless microphone, a charger base and all of the cables needed to install the system. The small and ultra light wearable wireless microphone is impervious to GSM noise from cell phones, PDAs, and features an accessible mute button. It is rechargeable and the battery provides 8hrs of talk time. The wall mount speakers feature a 5.25" woofer, .5" tweeter, have a frequency response of 60Hz to 20kHz, 30W of amplification, and are available in black or white.

ITEM	DESCRIPTION	PRICE
01-CLASSRM-BLK	Wireless system w/black speakers	802.31
01-CLASSRM-WHT	Wireless system w/white speakers	802.31
01-CLASSRM-11	Wireless system, no speakers	693.63

**TEACHLOGIC MAXIM II INFRARED WIRELESS MICROPHONE SOUND SYSTEM**

Designed for small presentation environments, Maxim II is the perfect solution for classrooms, secure classified briefing areas or any learning area up to 2,500 sq. ft. Trouble-free infrared wireless communication is free from outside interference (will not transmit through walls). The base station features 2 16W amplifiers, built-in dual-channel wireless infrared receiver, 5-band equalizer, 3 stereo auxiliary inputs (line level) with +12db gain control for added sensitivity to facilitate various media inputs. Each system includes a drop-in battery charging station, dome sensor with 50' cable, and a choice of 4 (CS-4) ceiling speakers with tile bridge or a pair of two-way speakers with wall mount and shelf mount brackets. The intercom page override will mute all inputs and pass the page to additional classroom speakers connected to the Maxim II amplifier. The base station is rackmountable.

**BUHL LYTEBOARD 78" INTERACTIVE WHITEBOARD**

Using IR Technology, this interactive whiteboard can recognize a multitude of writing objects, including a stylus, pointer, dry-erase marker or even a finger. The polymer coated PVC surface provides a very durable surface material that requires very little maintenance. The IR sensing technology is completely enclosed in the frame of the board; protected by a cover that is resistant to dust, oil, water and ambient light interference. The included DrawView software is quick and intuitive to learn, compatible with a variety of formats (PowerPoint 2003 & 2007, Word, Flash, etc.) and provides integration of video, animation, and graphics into lessons and presentations. System requirements are Windows XP/VISTA/7, Pentium IV 1Ghz, 512MB RAM and 300MB hard disk space (Windows only).

ITEM	DESCRIPTION	PRICE
LYTEBOARD78	.....78" interactive whiteboard w/DrawView software (Win).....	1392.50
LYTEBOARD78-STAND	.....Rolling floor stand for LyteBoard78 .....	186.25

**DUKANE**

**DUKANE LEADERBOARD 78T TOUCH DIGITAL WHITEBOARD**

Use a finger, pen or wand to control intuitive annotation, drawing or mouse operation with this whiteboard. Durable surface with IR edge sensors delivers touch sensitive performance for fine annotations and ease. Action Bar with 12 permanent keys for quick access to annotation, image & presentation. Versatile and comprehensive Convey Notes software for easy configurations and user controls. Windows 2000/ME/XP/Vista/Windows 7 compatible.

**KOSS®**

**KOSS EDUCATION HEADPHONES**

Ideal for schools, libraries and training departments, these stereophones incorporate a plastic ear cushion for easy cleaning and maximum durability. Formed from highly durable ABS plastic, the ear cushion creates a seal and vacuum to the ear that reduces ambient noise interference and leakage so the sound comes through loud and clear. The ED1TC features an adjustable headband and a dynamic element for a full frequency response. Ultra-durable for everyday use, the cups and headband have been designed to fit a wide variety of head sizes - from children to adults. The ED2TC features a clip design that fits securely around the ear and eliminates the need for a conventional headband. Perfect where minimal hair and head contact is preferred. The ED3 models are single ear clipstyle phones that are identical to the ED2TC, but are single ear only (ordered as left or right style).

ITEM	DESCRIPTION	PRICE
ED1TC	Headphone, 100Hz-20kHz, 32ohms, 98dB SPL, 4' cord	7.04

**FCC \*CONSUMER ALERT\* FCC**

Most users do not need a license to operate these wireless microphone systems. Nevertheless, operating these microphone systems without a license is subject to certain restrictions: the systems may not cause harmful interference; they must operate at a low power level (not in excess of 50 milliwatts); and they have no protection from interference received from any other device.

Purchasers should also be aware that the FCC is currently evaluating use of wireless microphone systems, and these rules are subject to change.

For more information, call the FCC at 1-888-CALL-FCC (TTY: 1-888-TELL-FCC) or visit the FCC's wireless microphone website at [www.fcc.gov/cgb/wirelessmicrophones](http://www.fcc.gov/cgb/wirelessmicrophones).

**ATLAS SOUND AH SERIES STADIUM CONSTANT DIRECTIVITY HORN SPEAKERS**

Two-way, horn-loaded, weather-resistant speakers feature extreme high output and outstanding pattern control for indoor and outdoor applications. All models feature bottom mounted Speak-on connectors.

**ATLAS SOUND CP700 POWER AMPLIFIER** The CP700 is a professional grade power amp for demanding contractor applications. It features esoteric grade toroidal power supply and output transformers. Separate power supplies drive the CP700's 2 independent channels to ensure maximum channel separation and low distortion. Power handling is 350W/channel at 70.7V, and 400W/channel at 4ohms in direct coupled mode. Inputs provided on XLR & terminal blocks.

ITEM	DESCRIPTION	PRICE
CP700	350W amplifier	692.50

**Community**

**COMMUNITY R.5, R.5-COAX** The R.5 series of 2-way, full-range loudspeakers is engineered to provide quality full-range sound projection in a variety of outdoor and indoor applications. Its wide range, smooth frequency response and high efficiency ensures both high fidelity music reproduction and superb projection of clear intelligible speech with very low distortion. All R.5's feature a 12" 200W LF driver, with 90Hz-16kHz frequency response, and a UC1 1" exit non-metallic Ferrofluid cooled high frequency compression driver. "T" versions include an input transformer with 4 switchable tap settings to provide impedance matching to 70V or 100V lines. 5-year limited warranty.

ITEM	DESCRIPTION	PRICE
R.5-66Z	50°H x 50°V, 200W RMS, 500W PGM, 8ohms	749.00
R.5-66TZ	Same as R.5-66X with 120W/70V transformer	799.00

**EV SX 300 / 600 ALL WEATHER SPEAKERS**

The Sx Series has long been an industry standard for lightweight, high-performance loudspeakers. These weather resistant models feature lightweight, polypropylene enclosures that are extremely rugged and safe for outdoor use. They come with a built-in 65° x 65° constant directivity, high-frequency horn, for increased intelligibility and clarity in tough environments. The SX300 has recessed stand-mount sockets, integral handles, flying points, and can be arrayed. The SX600 features a versatile, EV-exclusive SuperSAM™ mounting system that allows 60° of vertical adjustment and 180° of horizontal pan with a simple adjustment. Available in black (part numbers below) or white.

ITEM	DESCRIPTION	PRICE
SX300-PI	12" 2-way, 300W, Neutrik Speakon® connectors	845.00
SX300-PIX	12" 2-way, 300W, internal 70.7/100V, 100W transformer	942.00
SX600-PI	High power dual 12" 2-way, 600W, SJO cable input	2364.00
SX600-PIX	High power dual 12" 2-way, 600W, internal 70.7/100V, 600W transformer, SJO cable input	2673.00

**EAW**

**EAW AX SERIES INSTALLATION SPEAKERS** The AX Series features Concentric Summation Array™ technology for highly coherent sound, both on- and off-axis. The LF subsystem has an acoustic origin along the axis of the coaxial MF/HF components, creating a true uni-axial design. All AX enclosures are identically sized, dual trapezoids. The MF/HF horns and the enclosures are symmetrical and so rotatable to create horizontally or vertically orientated arrays. Internal passive crossovers are designed to work with a digital signal processor (DSP) to minimize power losses and provide more sophisticated processing to maximize performance. The companion AX122 subwoofer is designed to extend the low frequency response. Models shown are in black, but white is also available. Also, special order weather resistant models are available (add WP to model number).

ITEM	DESCRIPTION	PRICE

**Technomad**

**TECHNOMAD TURNKEY PA SYSTEMS** These solutions are designed to be setup in 15 minutes or less, and offer custom solutions for either mobile or permanently installed applications, in three sizes designed for audience sizes of 500+, 1000+, or 2000+. CD or tape players may plug into the provided mixer. The included rack in the system ships pre-wired and assembled. All systems include Technomad Mil-Spec weatherproof speakers, with power matched amplifier, mixer, microphone, cabling, wallmounts (install kits) and tripods (mobile kits). The IPA1 includes: 2 Vienna16 speakers, 1 stereo 150W amp, 1 Technomad line mixer (2 mic in, 4 RCA in), 1 dynamic mic, and a 6RU rack. The IPA2 changes to 2 Noho C install speakers, and a stereo 275W amp. The IPA3 uses a pair of 2 Berlin 15 speakers, and a stereo 400W amp. The MPA models are the mobile versions of the systems and include tripod speaker stands. The MPA-3 system substitutes the touring model of Berlin speakers.

**HME**

**HM ELECTRONICS DX300 COACHES WIRELESS SYSTEM**

The DX300 provides clear, secure, two-way sideline and press box communication, expandable for up to 20 coaches. It takes minutes to set up and prevents eavesdropping with its digital frequency hopping spread spectrum coupled with 64 bits of encryption. Uses 2 types of communicators with the DX300—the lightweight belt pac or the all-in-one wireless headset. No frequency coordination is required. The system supports offense and defense communication channels. All systems include one MB300 base station with two antennas, AC40A battery charger, a BAT41 spare battery, power supplies, travel case and two 6' headset cables.

**TELEX**

**TELEX LEGACY 2.4GHZ WIRELESS FOR SPORTS**

A complete, portable wireless intercom system (up to 14 coaches) that sets up in seconds, and requires no FCC license. The systems are based on 2.4GHz, IEEE 802.11b wireless LAN technology, and incorporate a 64bit audio encryption system. They offer 3 audio channels, and offer full-duplex, hands-free operation. The belt packs operate on rechargeable lithium ion batteries, and typically get about 8 hours of use per charge (charging time is about 6 hrs). Mic gain adjustments are programmable right on the belt pack (with voice prompts). Units carry a 3-year warranty.

These kits include:

- Sturdy carrying case (weight: 14 lbs. 8 oz., size: 23.5" L x 8.5" W x 20.5" H)
- 1 XO-AP base station
- 1 directional antenna
- Encrypted XO-1 belt packs (and battery chargers)
- 1 gooseneck antenna mount (with clip for optional remote placement)

**DA-LITE HOLO SCREEN HOLOGRAPHIC REAR PROJECTION SYSTEMS FOR DIGITAL SIGNAGE**

The Holo Screen is a holographic rear projection screen for point-of-sale and digital signage applications in retail stores, window displays, airports, banks and other high traffic areas. Available in sizes up to 108" x 300", the Holo Screen features an advanced holographic technology that displays images projected from 18-35 degrees. The result is a remarkably bright and clear image – even in brightly lit environments. The transparent display allows viewers to look at and see through the screen. Available in video and HDTV format sizes, all screens include top mounting hardware. Partial sizes listed below, call for smaller screens & custom quotes on sizes larger than 108" x 144", up to 108" x 300". Please allow reasonable lead-time on shipping quotes on larger screens due to freight shipping.

**SONY**

**SONY INTERACTIVE LCD TOUCH SCREEN MONITORS**

These 42" and 47" LCD monitors use 3M's optically clear Dispersive Touch Technology (DST) within the Sony factory LCD housings. The technology is designed for high traffic, high use environments, and serves as an extra layer of protection for the LCD panel itself. Supports gesture functions and offers the users standard USB 2.0 touch interface with touch connections located in the connector bay area of the LCD. All models feature 1920x1080 native resolution and 1000:1 contrast ratio. They support audio in/out (pinjack), DVI-D, composite video out, Ethernet, HD component I/O, S-Video, and video-in interfaces. Also equipped with a network port for remote control/monitoring. An option slot accepts a range of adapters for versatility.

**SONY VSP-NS7 DIGITAL SIGNAGE PLAYER** The VSP-NS7 has advanced digital signage functionality with a simple drag and drop software management tool. It is HD compliant to 1920x1080 for graphic files, and 1280 x 720 for HD video. It has Seamless Sequential Payout with no black during video switching, easy keying capability for logo insertion over video payout, and content rotation to rotate video for portrait playback. The NS7 has the ability to play back WM9HD. It has control over projectors and display devices, general scheduling, and NS7 management. Content can be sent from the Central management PC to the NS7 to update storage. It features Five Layer Playback including Bitmap, JPEG, Browser, Video, and Telop. Connectivity includes a Live IP Camera Input, two RS232 ports, four USB ports, PS/2 mouse/keyboard, Ethernet, analog RGB D-Sub 15pin, and 1/8" stereo audio output. Monitoring software is sold separately.

**SPINETIX**

**SPINETIX HMP100/200 DIGITAL SIGNAGE MEDIA PLAYERS** These media players are a unique alternative to proprietary, PC based solutions for digital signage. With the HMP100 and HMP200 SpinetiX offers a new and simplified way to schedule, combine, update, stream and display content, whether it be audio, video, vector graphics, pictures or text. Great for use in interactive displays or videowalls and in a variety of settings including advertising, transportation, hospitality, finance and live events. Their fanless design and the absence of moving parts make these boxes extremely durable and well-suited for harsh environments. And their small design means they can be hidden nearly anywhere. Both players feature internal flash memory, flash drive and HDD support via USB, HDMI and VGA outs, 1/8" TRS audio out, real time event communication, horizontal and vertical display capability, animation capabilities, and support for touchscreen, keyboard, joystick, gamepad or mouse interaction. The HMP200 adds full HD 1080p video, and has 8GB of internal memory.

# GIGLIGHT™

**GIGLIGHTS GL1 AND SGL MUSIC STAND LIGHTS** The GL1 GigLight produces a bright, wide-beam that lights up 2 full pages of music with 4x more light than the typical battery-operated clip-on light. It uses PowerBright LED technology, delivering full-spectrum, daylight-color temperature light. The high-contrast, low-glare illumination makes notes stand out and reduces eyestrain. A padded spring clip enables it to easily attach to the top of wire folding stands or solid back stands. The lamp head can be positioned out and over the music using an adjustable extension arm. It folds up small for easy carrying in a pocket, purse or accessory bag, and weighs just 10oz with batteries. The SGL Super GigLight model utilizes an advanced chip making it more powerful and more efficient, producing 4x more light than the GL1. SGL comes complete with a soft carry case and 4 AA batteries.

ITEM	DESCRIPTION	PRICE
GL1-GIGLIGHTS	Standard GigLight	39.99
SGL-GIGLIGHTS	Super GigLight with soft case and 4AA batteries	59.99

## MIGHTY BRIGHT.

### MIGHTY BRIGHT MUSICIAN'S LIGHTS

## MANHASSET®

**MANHASSET MUSIC STANDS** Longest lasting, most durable music stand made. Rugged, all-aluminum, lightweight desks are ribbed for extra strength. Baked-on, glare-free, black textured finish resists scratches and chipping. Easy, automatic no-knob friction-tilt neck delivers constant tension at any tilt position. Solid-brass bearings, greaseless heavy-duty chrome inner shaft, and the original counterbalanced "Magic Finger Clutch™" provides one-hand friction grip. Secure at any height, even with a heavy load of music. Heavy-gauge, all-steel welded base provides excellent stability and requires minimum space on stage risers or in storage. All the components of the Manhasset Music stands are available and can be purchased separately too. This includes all models of desks, shafts, bases, and all pieces of hardware and fasteners.

ITEM	DESCRIPTION	PRICE
M48	Manhasset symphony stand, black – stand desk is 20"W x 12.5"H, height 26"-48" (lip to floor), overall max height of 60.5"	43.28

**KORG WI-TUNE WIRELESS INSTRUMENT TUNER**

The world's first wireless instrument tuner features a clip on transmitter that sends a signal to a large backlit LCD tuner that can be placed on a music stand, table, or on the floor to accommodate any situation. The main tuner body also has an internal mic and sound out mode that will produce an audible reference pitch from an internal speaker. The transmitter comes in a Clip-on variety for use with guitar, violin, and other string instruments or a strap version for use with saxophone, clarinet or other wind instruments. Markings indicate pure major third and minor third intervals.

ITEM	DESCRIPTION	PRICE
WI-TUNE-WR01	Chromatic tuner, standard clip	129.99
WI-TUNE-WR01S	Chromatic tuner, includes strap	149.99

**INTELLISTAGE PORTABLE STAGE SYSTEMS**

Consisting of modular, lightweight yet rugged platforms and collapsible risers, IntelliStage systems can be set up in a wide variety of heights and configurations by a single person. Sturdy and durable, platforms are capable of bearing weight up to 185lbs/sq ft and are available in carpet or duraflex finish. When it's time to break down, you'll find that disassembly and storage are equally convenient. IntelliStage systems are available in kits with an optional compact storage flight case featuring integrated casters to transport your stage just about anywhere. As your needs grow, so can your stage system – platforms and risers are also available on an individual basis. Optional upgrade accessories like storage cases for larger systems and stage skirts are also available. Numerous options available, please call for assistance. Common setups listed below.

**NATIONAL PUBLIC SEATING RISERS**

The Trans-Port riser unit eliminates the need to set up multi level risers. It is an all-in-one 3-level carpeted choral riser that is easy to transport with built-in wheels and allows for quick set up. Has 14-gauge steel legs & aluminum frames keeping it lightweight & strong. Standard standing risers are also easy to set up & allow for quick arrangement. Units easily attach to one another to provide multi level heights. Available in both straight & tapered units, allowing for continuous or semi-circle arrangements. Come with red, green, gray, or blue carpeting. Guard rails (black) are recommended to ensure safety and are easy to assemble/install. Please note: most of these items are too large to ship UPS. Please allow minor lead time for us to provide you an accurate freight estimate based on your needs.

**BRETTFORD ANTIMICROBIAL LAPTOP / PROJECTOR CARTS**

These products are intended to inhibit the growth of mold, mildew and fungus on the product's surface. The Antimicrobial finishes are built into the product during the manufacturing process and become an intrinsic part of the product's surface. Laptop carts store 15, 18, 24, 30 or 32 laptop computers. Due to electrical limitations, each 9-outlet electrical unit must be plugged into separate circuits and not separate outlets, or use the LAPTMR2 to automatically switch from charging one bank of computers to the other. Resettable combination padlock included. Projector carts feature a pull out laptop computer shelf that can be set at a seated or standing height. All data projector carts can be equipped with UL listed electrical outlets that include a 20' power cord. All models below in concrete finish. Please call for different colors and more options.
