LPD8

AKAI LPK25 AND LPD8 LAPTOP MIDI CONTROLLERS These MIDI controllers are ultra-portable and easily fit into a laptop case. The LPK25 features 25 velocity-sensitive mini keys, arpeggiator, sustain button, octave up and down, tap tempo, plug-and-play, 4 programmable memory banks and more. The LPD8 has 8 back-lit pads, 8 knob controllers featuring, plug-n-play and 4 programmable memory banks. Both are USB powered.

ITEM	DESCRIPTION	PRICE
LPK25	Laptop USB keyboard controller	69.00
LPD8	Laptop USB pad controller	69.00

MPK25

AKAI MPK SERIES USB/MIDI KEYBOARD CONTROLLERS The MPK25/49 include 12 MPC-style drum pads, 48 samples via 4 pad banks, Full Level and 12 Level functions on pads, Swing, Note Repeat and Arpeggio functions, MMC/MIDI start stop transport buttons, expression pedal in, footswitch in, pitch bend, mod wheel and more. Tap Tempo and time-division buttons allow for realtime control of Note Repeat and Arpeggio clock speeds. The MPK25 has 34 assignable controls, 12x 360° knobs and 4 virtual buttons. The MPK49 has 76 assignable controls (accessed via banks), 8 full-sized sliders, and 8 full-sized 360° rotation pots. The MPK61 adds 16 pads w/4 banks for 64 samples, key-split, and more. The MPK88 has many of the same features as the MPK61 but with 88 fully weighted hammer action keys. The MPK MINI features 8 MPC-style drum pads with two banks, 8 Q-Link knobs, arpeggiator, 4 global settings, USB power, Octave up/down, sustain button, and more. All models ship with Ableton Live Lite – Akai Edition software (except the MPK-MINI).

ITEM	DESCRIPTION	PRICE
MPK25	25-key USB/MIDI keyboard controller	249.00
MPK49	49-key USB/MIDI keyboard controller	399.00
MPK61	61-key USB/MIDI keyboard controller	499.00
MPK88	88-key USB/MIDI keyboard controller	799.00
MPK-MINI	Compact 25-key USB/MIDI keyboard controller	99.00

M-AUDIO
> Where do you want to take your music?

M-AUDIO OXYGEN 88 USB MIDI CONTROLLER A Pro Tools-compatible, 88-key graded hammer-action USB MIDI controller that offers 32 assignable faders, buttons and knobs to control your music software. DirectLink mode automatically maps the controls to DAW functions such as track pan, mixer, transport, and plug-in parameters. Also features built-in presets that support popular virtual instruments, 4 velocity curves, assignable pitch bend and mod wheels, and 3 pedal inputs (2 sustain & 1 expression).

ITEM	DESCRIPTION	PRICE
OXYGEN88	88-key USB MIDI controller w/graded hammer-action	599.99

KEYSTATION-61ES

M-AUDIO KEYSTATION SERIES MIDI CONTROLLERS This series offers everything from simple input of MIDI messages to versions that have hammer-weighted keys and LCD displays. The Keystation 61ES and 88ES are basic models that connect to the computer via USB and require a native USB port or 9VDC power supply (optional) for powering up. They have pitch bend and modulation wheels, and a separate MIDI-out jack to route signals from the PC or to control external devices. The Pro88 is a deluxe controller featuring hammer-action with over 59 assignable controllers and a LCD display for viewing, editing and program changes.

| ITEM	DESCRIPTION	PRICE
KEYSTATION-61ES	61 semi-weighted keys USB MIDI controller	169.99
KEYSTATION-88ES	88 semi-weighted keys USB MIDI controller	219.99

AXIOM25-V2

M-AUDIO AXIOM SERIES USB MIDI CONTROLLERS This series builds on the Oxygen series and adds deluxe features. They are available in 25-, 49-, and 61-key versions. Main differences from Oxygen8 include blue backlit LCD displays, DAW transport controls built-in, 8 rotary encoders, and 8 trigger pads for playback of samples. All models feature class compliance for OSX/WinXP, Enigma librarian/patch editor support, built in 1x1MIDI interface, and 20 non-volatile memory locations. DirectLink mode maps onboard controls to parameters in DAWs such as Pro Tools, Logic, Cubase, Reason, and Live. Instrument mode allows for single-button mapping of faders, buttons & encoders in any virtual instrument in a DirectLink-compatible host. The 49-/61-key versions add more sliders for precise control over your soft synths. Units are powered via USB bus.

ITEM	DESCRIPTION	PRICE
AXIOM25-V2	25-key USB MIDI controller	199.00
AXIOM49-V2	49-key USB MIDI controller	299.00
AXIOM61-V2	61-key USB MIDI controller	399.99

AXIOM-PRO-49

M-AUDIO AXIOM PRO SERIES USB MIDI CONTROLLERS This series expands upon the Axiom controllers by adding TruTouch™ action for more responsive keys and HyperControl technology for automatic MIDI mapping of the keyboard's 65 controls and more accurate syncing with your DAW's parameters. The graphic LCD updates current values, provides intuitive programming and preset creation, and prevents parameter jumps, even with closed plug-ins. Buttons can be mapped to send QWERTY commands and ASCII keystroke support is also featured. You can toggle between mixer and instrument control modes quickly and save settings to 50 memory locations, each with four quick recall profiles that are easily accessible via the graphic LCD. They also feature DAW transport controls, eight velocity-sensitive trigger pads, and are USB bus-powered.

ITEM	DESCRIPTION	PRICE
AXIOM-PRO-25	25-key USB MIDI controller, semi-weighted keybed	399.99
AXIOM-PRO-49	49-key USB MIDI controller, semi-weighted keybed	499.99
AXIOM-PRO-61	61-key USB MIDI controller, semi-weighted keybed	559.99

KEYRIG-49

M-AUDIO KEYRIG USB MIDI CONTROLLER The KeyRig 49 is an ultra-compact velocity sensitive keyboard that includes the popular KeyRig software (PC only) with 4 top-quality virtual sound modules. Features 8 assignable knobs and buttons, octave +/- buttons, volume slider, mod & pitch bend controls, 16 built-in channels. MIDI interface, sustain pedal input, and is USB buss powered, or powered by optional 9V DC adapter. No drivers needed. Also includes Ableton Live Lite DAW software.

ITEM	DESCRIPTION	PRICE
KEYRIG-49	49-key USB MIDI controller w/ KeyRig software	99.99

OXYGEN61-V3

M-AUDIO OXYGEN SERIES USB MIDI CONTROLLERS These USB-powered Pro Tools-compatible 25- to 61-key controllers are perfect for people who need more desktop space, or trigger samples in live music settings. The Oxygen 25 has 25 velocity-sensitive keys, 8 assignable MIDI knobs, dedicated transport & track select buttons, DirectLink mode for automatic controller mapping to DAW functions (transport, mixer, track pan, plug-in parameters e.g.). The Oxygen 49 & Oxygen 61 share the same features as the Oxygen 25 with the addition of 9 assignable sliders.

ITEM	DESCRIPTION	PRICE
OXYGEN25-V3	25-key USB MIDI controller	99.00
OXYGEN49-V3	49-key USB MIDI controller	149.00
OXYGEN61-V3	61-key USB MIDI controller	199.00
SP-1	Sustain pedal for Oxygen keyboards	14.99

⊠ novation
25SL-MKII

NOVATION REMOTE SL SERIES WITH AUTOMAP The main feature for this series is Automap Pro 3 mode – the SL detects which instruments you have in your project and logically maps the controls to its front panel. The instrument information displays on two backlit LCD screens flanking the top panel of the keyboard. A total of 64 assignable knobs, buttons, and sliders, plus 8 velocity sensitive trigger pads are also present. For integrating with DAWs the unit has built in transport controls. The keys themselves are semi-weighted with full velocity and aftertouch. Plug and play with WinXP/Mac OSX with no drivers to install. The Remote Zero SL control surface has the same capabilities as the rest of the controllers, but lacks keys.

ITEM	DESCRIPTION	PRICE
REMOTE-25SL-MKII	25-key USB MIDI controller	399.99
REMOTE-49SL-MKII	49-key USB MIDI controller	499.99
REMOTE-61SL-MKII	61-key USB MIDI controller	599.99
ZERO-SL-MKII	USB MIDI control surface only	299.99

SAMSON

IPAD NOT INCLUDED

NEW!

CARBON49

SAMSON CARBON49 AND GRAPHITE49 MIDI CONTROLLERS Both controllers feature semi-weighted keys, transpose and octave buttons, MIDI out, pitch and mod wheels, USB bus power, and connect to an iPAD. The CARBON49 has an iPAD stand. The GRAPHITE49 adds aftertouch, 9 programmable faders, 8 encoders, 16 buttons for control, 4 velocity sensitive trigger pads, and 4 zones for creating splits and layering sounds. Both ship with Native Instruments Komplete Elements music production software.

ITEM	DESCRIPTION	PRICE
CARBON-49	49-key MIDI controller	89.99
GRAPHITE-49	49-key, MIDI controller w/ aftertouch	199.99

M-AUDIO
> Where do you want to take your music?

M-AUDIO UNO 1X1 USB MIDI INTERFACE The USB Uno provides a simple, extremely inexpensive solution for connecting MIDI devices to USB-based (Mac 8.6 or greater) and PC (Windows 98, ME, 2000 and XP) computers. The compact injection-molded unit features built-in extension cables that simplify connections for novices. Uno also features MIDI activity indicators for each port. The unit is self-powered, thereby eliminating the need for yet another "wall wart" power supply and making it ideal for mobile use with laptops.

ITEM	DESCRIPTION	PRICE
UNO	1x1 USB MIDI interface	39.99

M-AUDIO 20TH ANNIVERSARY USB MIDI INTERFACES These compact interfaces address 32 x 32 (on the 2x2), and 64x64 (on the 4x4) discrete channels of MIDI I/O via USB, making it ideal for simultaneously connecting multiple MIDI devices to your computer, as well as eliminating delays associated with long MIDI thru chains. Stand-alone functionality also gives you MIDI throughput and merge capabilities. Bus-powered architecture (no external power supply required) provides the option of totally mobile operation. Both models are class-compliant with Win XP, Vista, and Mac OS X.

ITEM	DESCRIPTION	PRICE
MIDISPORT-2X2-ANNIVR	32-channel, 2x2 USB MIDI interface	69.99
MIDISPORT-4X4-ANNIVR	64-channel, 4x4 USB MIDI interface	149.99

MIDI ⦿ Solutions
MERGER

MIDI SOLUTIONS All are MIDI-powered (require no batteries or power supplies). Just plug a MIDI cable into the input and it's ready to process the data. Multiple products can be chained to provide the exact combination of functions needed in your MIDI setup. The products below are divided into groups based on functionality.

ITEM	DESCRIPTION	PRICE
MERGER	2-input MIDI merger	51.75
QUADRA-MERGER	4-input MIDI merger	84.50
M8	8-input MIDI merger, 1RU	182.75
THRU	2-output active MIDI thru box	32.10
QUADRA-THRU	4-output active MIDI thru box	38.65
T8	8-output active MIDI thru box, 1RU	130.35
FOOTSWITCH	Multi-function MIDI event generator – can be programmed to generate MIDI messages & perform MIDI functions via a footswitch or contact closure	117.11
F8	8-input MIDI footswitch controller, 1RU	258.59
RELAY	MIDI controlled relay switch – MIDI-controlled contact closure is programmable to respond to MIDI messages	117.11
R8	8-output MIDI controlled relay array, 1RU	337.19
EVENT-PROCESSOR	10-setting MIDI event processor	117.11
EVENT-PROCESSOR-PLUS	32-setting MIDI event processor	148.55
PEDAL-CONTROLLER	Continuous MIDI data generator for expression pedals	117.11
ROUTER	2-output MIDI message router	117.11
VELOCITY-CONVERTER	MIDI velocity processor	117.11

MOTU
MICROLITE

MOTU MICRO LITE/MIDI EXPRESS 128 USB POWERED MIDI INTERFACES A simple plug and play interface with 5 MIDI inputs, 5 MIDI outputs and 80 MIDI channels. Mac and Windows compatible. Expandable via USB. MIDI Express 128 model has 8 MIDI inputs, 9 MIDI outputs, and 128 MIDI channels.

ITEM	DESCRIPTION	PRICE
MICROLITE	5x5 USB MIDI interface	139.00
MIDI-EXPRESS-128	8x8 USB MIDI interface	235.00

MOTU FASTLANE MIDI INTERFACE The Fastlane is a 2x2 USB MIDI interface for Windows and Mac operating systems. A MIDI thru button allows for playing your MIDI gear while the computer is turned off. If you outgrow your Fastlane you can add on to your system with another USB equipped MOTU MIDI interface.

ITEM	DESCRIPTION	PRICE
FASTLANE-USB-BLACK	32-channel, 2x2 USB MIDI interface	67.50
