

BOSS TU-3 CHROMATIC TUNER

This tuner features a 21-segment LED meter with a High-Brightness mode. Choose between Chromatic and Guitar/Bass tuning modes, with the Accu-Pitch Sign visual tuning verification. It also has a Note Name Indicator that can display notes of 7-string guitars and 6-string basses, while the Flat-Tuning mode can support up to six half-steps.

ITEM	PRICE
TU3	99.00

BOSS TU10 CLIP-ON CHROMATIC TUNER

The TU-10 is a high-performance clip-on tuner with features derived from other BOSS tuners, such as Accu-Pitch, flat tuning up to five semitones, and Stream mode. The "true color" LCD coupled with the reflection-display offer excellent visibility. Available in black or brown.

ITEM	DESCRIPTION	PRICE
TU10-BLACK	Clip-on tuner, black	34.99
TU10-BROWN	Clip-on tuner, brown	34.99

KORG

KORG PITCHBLACK CHROMATIC TUNER

This high-visibility guitar tuner is ideal for the gigging musician. The light-emitting surface is viewable in daylight, stage light, or no light at all. Features 100% True Bypass, 4 types of display modes, adjustable calibration, tough aluminum case, and a 9 VDC cascading output to power your other pedals.

ITEM	DESCRIPTION	PRICE
PITCHBLACK	Chromatic Tuner Pedal	89.99

KORG PITCHBLACK POLY TUNER PEDAL

This tuner offers high-precision polyphonic tuning, displaying the tuning status of all strings simultaneously. The "String Seeker" function automatically switches the display to the string being tuned. It automatically detects guitars and basses (up to 6 string). Flat, Capo and Drop-D tunings are supported, and it is ideal for guitars with floating tremolo systems. Other features include four meter modes, true bypass, diecast aluminum body. Powered via 9V battery or DC adapter (sold separately), a 9V cascade power jack is also provided, allowing the Pitchblack to power other pedals.

ITEM	DESCRIPTION	PRICE
PITCHBLACK-POLY	Tuner pedal, polyphonic	99.99

KORG HUMIDI-BEAT METRONOME, HYGROMETER AND THERMOMETER

Monitor your instrument's environment with this portable metronome with a built-in thermometer and hygrometer. The built-in thermometer, humidity detector, and clock make it easy to care for your instrument by monitoring conditions inside the case. Tempo can be set using traditional Pendulum Steps, Full Steps, or Tap Tempo. The Beat Mode offers from 0 to 9 Beats, plus 5 Patterns. The memory backup function recalls user settings. Auto-power off function saves batteries. Available in white or black.

ITEM	DESCRIPTION	PRICE
HB1-BK	Metronome with hygrometer, black	39.99
HB1-WH	As above, in white	39.99

SNARK

SNARK TUNERS These tuners feature full color displays, tap tempo metronomes, and pitch calibration (415-466Hz). The SN-1 clip-on model features a 360 degree rotating display, high sensitivity vibration sensor, transpose feature and a tough, stay-put clip. The console model features full chromatic tuning, built-in mic, input jack, built-in speaker, and an electronic pitch pipe. Both models are suitable for guitar. Tuners for ukulele, violin and other instruments are also available, listed below.

ITEM	DESCRIPTION	PRICE
SN-1	Clip-on tuner for guitar	12.78
SN-2	Clip on tuner for all instruments	15.98
SN-3	Tuner for guitar & bass	12.78
SN-4	Tuner for all instruments	15.98
SN-5	Clip-on tuner for guitar, bass, violin	10.86
SN-6	Clip-on tuner for ukulele	10.86

FISHMAN

FISHMAN FT-1 CLIP-ON DIGITAL TUNER

A great companion for acoustic instruments, this fully chromatic tuner has a bright, backlit LCD display with a meter-style pitch indicator that turns from red to green when the note is in tune. The adjustable clip sensor is easily secured and ensures great results, even in noisy environments. Powered by a single coin battery.

ITEM	DESCRIPTION	PRICE
ACC-TUN-FT1	Clip-On Digital Tuner	24.95

t.c. electronic

TC ELECTRONIC POLYTUNE POLYPHONIC GUITAR / BASS TUNER

Strum all your strings at once and this polyphonic tuner tells you which ones need tuning. It is equally effective for guitar or bass. The reference pitch can be set anywhere from 435Hz to 445Hz, and it allows for dropped tunings from E-flat all the way down to B. It also includes 2 chromatic tuning modes (needle and stream) and has a "MonoPoly" feature that recognizes whether you are playing 1 or more strings to instantly set the tuning mode. These units feature true bypass, an ambient light sensor to automatically adjust the brightness of the LEDs, 1-screw access to the battery compartment (battery included), and when powered by 9V DC it can power other pedals. Also available in the smaller Mini version, which runs on DC power only (no battery).

ITEM	DESCRIPTION	PRICE
POLYTUNE	Polyphonic tuning pedal	99.00
POLYTUNE-MINI	Mini polyphonic tuning pedal, DC power only, power supply required	89.00
PSA120S	Boss 9VDC power supply	22.92

TASCAM

TASCAM FLASH-BASED INSTRUMENT TRAINERS

These trainers feature Variable Speed Audition to speed up/slow down playback without changing pitch, and loop playback to learn new music. They have an SD/SDHC card slot & USB 2.0 port for music file transfer, and can playback 16- or 24-bit WAV or MP3 files. They can record and overdub 44.1kHz/16-bit WAV files to build up arrangements. Features dedicated control keys, large LCD display, & angled desktop design. Includes 2GB SD card, AA batteries & USB cable. The GB-10 has a 1/4" guitar/bass input and effects, including amp modeling, delay, reverb, chorus and more. The LR-10 has stereo microphone and internal speaker.

ITEM	DESCRIPTION	PRICE
GB-10	Trainer for guitar/bass	149.99
LR-10	Trainer for strings, wind players, keyboardists, vocalists	179.99
RC3F	Optional 3-way footswitch	39.39

LVASTRPTL	Yellow stripping tool	7.00

BBE SUPA-CHARGER PEDAL POWER SUPPLY

This high-performance universal pedal power supply features a custom-wound "zero hum" toroidal transformer; eight outputs that are isolated, regulated and filtered and a selectable input mains switch for 110-220 voltages.

ITEM	DESCRIPTION	PRICE
SUPA-CHARGER	Pedal power supply w/(8) Boss-type power cables, (2) Line 6-type power cables, IEC power cable, manual & warranty card	149.00
SUPA-BOSS-TYPE	24" 2.1mm - 2.1mm, Boss-type cable (black, pair)	7.60
SUPA-EH-TYPE	24" 2.1mm - mini 1/8" mono, vintage EH-type cable (orange, pair)	8.00
SUPA-FULLTONE-TYPE	24" 2.1mm - 2.1mm reverse polarity, Fulltone/Moog-type cable (blue, pair)	8.00
SUPA-LINEG-TYPE	24" 2.1mm - 2.5mm angled reverse polarity, Line 6-type cable (red, pair)	8.00
SUPA-VINTAGE-TYPE	24" 2.1mm - 9-Volt clip for non-AC effects (green, pair)	8.00

EVENTIDE POWER FACTOR PEDAL POWER SUPPLY

10 regulated and well-filtered DC outlets configured in 7 isolated sections. With a total of 1,600mA its a perfect solution for bigger rigs with pedals using a DC power source. It's three powerful sections with 400mA each will power up to three Eventide stompboxes. The first 4 outlets, offering 4x100mA, are perfect for standard 9V battery operated pedals. Other features include short circuit protection on all outlets, advanced LED monitoring of each section, temperature monitoring, 115V/230V mains voltage selector switch and a durable steel enclosure. Ships with 13 various flex cables with plugs designed for popular pedal manufacturers like Boss, DOD, EHx, Fulltone and others.

ITEM	DESCRIPTION	PRICE
POWERFACTOR	Effects pedal power supply	220.00

CARL MARTIN OCTA-SWITCH-II EFFECTS PEDAL SWITCHER

A tool for the guitarist who wants simple and effective control over different effect combinations. Simply plug eight effects pedals into the eight effects-loops on the back of the Octa-Switch II, and then activate the numbered switches in each of eight DIP Bank switches. Blue status indicator LEDs are featured for every effects loop and for each bank. 100% true-bypass, impedance-free gold relays work with new and old pedals and preserve your signal. The Bypass switch allows you to completely bypass all loops. There are also two External Switching jacks for using two amplifiers and/or switch channels on those amps. There is a buffered (or non-buffered switchable) Mono input and a stereo output. Powered by dual 9v batteries, or a regulated power supply.

ITEM	DESCRIPTION	PRICE
OCTASWITCH-II	Switcher for effects pedals	360.25

SKB PEDALBOARDS

1SKB-PS-55

ITEM	DESCRIPTION	PRICE
1SKB-PS-8	Powered, 8 x 9VDC, fits up 8 standard size pedals, incl. power cables	99.99
1SKB-PS-45	Powered, 8 x 9VDC, room for "wall warts", hard cover, carry handle, incl. power cables	274.99
1SKB-PS-55	Powered, 4 x 9VDC/1 x 18VDC/1 x 24VDC/2 x 9-12VDC, 2 x variable DC jacks (4-12V), 2 x 1.3A VAC, built-in cable tester, capable of true stereo setup, hard cover, cushioned carry handle, incl. power cables	334.99

AURALEX GRAMMA ISOLATION RISER

Used to float an amp or speaker for nearly total acoustic sound isolation. Comes with a carrying handle, road-ready carpet, Studiofoam wedges & Platfoam (underneath). 1-2 Grammas will support most amps, cabinets, theater subwoofers, and monitors.

ITEM	DESCRIPTION	PRICE
GRAMMA-4PACK	Set of 4 isolation risers	219.96
GRAMMA-SINGLE	Single isolation riser	54.99
G-GIGBAG	Optional gig bag for GRAMMA	29.99

JET CITY JETDIRECT DI BOX

Enables you to add a line out to any guitar amp head. Just put this inconspicuous box between your head and cabinet. Thanks to Doug Roberts's emulation circuitry, the XLR line output actually sounds like a miked speaker. I/O includes a 1/4" speaker-level input, 1/4" speaker-level output and an XLR line-level output with speaker emulation. A cold-rolled steel chassis adds strength and durability.

ITEM	DESCRIPTION	PRICE
JET-DIRECT	DI Box for guitar amplifiers	49.99

DUNLOP BEN HARPER TONEBAR

Singer-songwriter, guitarist and humanitarian Ben Harper has become a modern icon across a diverse range of musical styles. While his guitar skills and vocal performances are impressive, his mastery of the Weissenborn lap steel guitar puts him in a category all his own. Dunlop designed the Ben Harper Tone Bar specifically to suit his playing style. "Its light weight feels great in your hand and causes much less fatigue than other tone bars," says Ben. "Its exactly what I was looking for."
