**SENNHEISER**

**SENNHEISER IE PROFESSIONAL EARPHONES** In-ear headphones offering great attenuation with outstanding sound quality. The IE4 features natural sound reproduction and has a frequency response of 40Hz-20kHz. The IE60 has neodymium magnets which provide efficient power to its dynamic transducer system. The IE80 has a continuously variable tuning control for precise adjustment of bass response.

| ITEM | DESCRIPTION                 | PRICE  |
|------|-----------------------------|--------|
| IE4  | Dynamic, 40Hz-20kHz         | 59.95  |
| IE60 | Bass, 10Hz-18kHz            | 249.95 |
| IE80 | Adjustable bass, 10Hz-20kHz | 449.95 |

**SENNHEISER IE800** These are dynamic audiophile earphones with very low overall harmonic distortion (<0.06%). The extra wide band (XWB) transducer has a diameter of only 7mm, and is the smallest in its class. It has two protective meshes – one situated in the ear cushion, and one in the cone. This protects against dirt contamination for easy cleaning. The housing is made out of a scratch-resistant ceramic to ensure longevity. Item ships with 5 pairs of adaptor sets, a leather carrying case, and a cleaning tool. These earphones have a 2-year manufacturer's warranty.

| ITEM  | DESCRIPTION   | PRICE  |
|-------|---|--------|
| IE800 | Dynamic earphones, 3.9' cable, 125dB SPL, 5Hz-46.5kHz (-10dB) | 999.99 |

**SHURE**

**SHURE SE SERIES SOUND ISOLATING EARPHONES** These earphones block unwanted background noise. The SE215 has a dynamic microdriver for rich, warm sound and great bass. The SE315 has a microdriver and a tuned bass port. The SE425 has dual HD MicroDrivers, and the SE535 offers triple HD MicroDrivers with a tweeter & dual woofers for spacious sound & deep bass. Each includes a detachable cable, carrying case, and foam sleeves kit.

| ITEM     | DESCRIPTION   | PRICE  |
|----------|---|--------|
| SE215-CL | Earphones, 20Ω, 22Hz-17.5kHz, clear                                 | 99.00  |
| SE215-K  | Earphones, 20Ω, 22Hz-17.5kHz, black                                 | 99.00  |
| SE315-CL | Earphones, 27Ω, 22Hz-18.5kHz, clear                                 | 199.00 |
| SE315-K  | Earphones, 27Ω, 22Hz-18.5kHz, black                                 | 199.00 |
| SE425-CL | Earphones, 22Ω, 20Hz-19kHz, clear                                   | 299.00 |
| SE425-V  | Earphones, 22Ω, 20Hz-19kHz, silver                                  | 299.00 |
| SE535-CL | Earphones, 36Ω, 18Hz-19kHz, volume control, airline adapter, clear  | 499.00 |
| SE535-V  | Earphones, 36Ω, 18Hz-19kHz, volume control, airline adapter, bronze | 499.00 |

**ULTRASONIC TIO EARPHONES** These are equipped with professional micro drivers and have an aluminum housing. They feature linear, natural and distortion-free music playback. The cable (with microphone and remote control) allows easy operation for both music and phone calls. Comes with a high-quality cable and a space-saving transport case, 5 pairs of silicone earbud tips and 2 pairs of high-quality TX-100 comply foam earbud tips, a flight adapter and an OMTp adapter for a wide variety of smartphones.

| ITEM | DESCRIPTION                | PRICE  |
|------|----------------------------|--------|
| TIO  | Earphones, 19Hz-21kHz, 18Ω | 499.00 |

**Westone**  
THE IN-EAR EXPERTS

**WESTONE PERSONAL LISTENING SERIES** In-ear models for use with your iPod/MP3 player, CD player, handheld games, or laptop. All utilize balanced armature designs, and much of the same technology found in the ES custom series models. All come with 3.5mm stereo plug, premium comfort tips, and travel case. These have a 1-year manufacturer's warranty.

| ITEM       | DESCRIPTION  | PRICE  |
|------------|--|--------|
| WESTONE-1  | Single driver, 122dB SPL@1mW sensitivity, 20Hz-16kHz, 27Ω                              | 129.00 |
| WESTONE-2  | Dual driver, 117dB SPL@1mW sensitivity, 20Hz-18kHz, 33Ω                                | 249.00 |
| WESTONE-3  | Triple driver, 107dB SPL@1mW sensitivity, 20Hz-18kHz, 30Ω                              | 349.00 |
| WESTONE-4R | Quad driver, 118dB SPL@1mW sensitivity, 10Hz-18kHz, 31Ω, w/EPIC series removable cable | 499.00 |

**Westone**  
THE IN-EAR EXPERTS

**WESTONE AC SERIES CUSTOM-FIT IN-EAR MONITORS** These in-ear monitors use Westone's custom-fit technology to deliver monitors that are molded specifically for your ear. They feature clear, cold-pour acrylic bodies, balanced armature drivers, and removable EPIC Pro cables. Over-the-ear cable design offers superior in-ear comfort and isolation from mechanical cable noise.

| ITEM | DESCRIPTION   | PRICE  |
|------|---|--------|
| AC1  | In-ear monitor, single driver, 20Hz-16kHz, 114dB max SPL, 25Ω | 299.00 |
| AC2  | In-ear monitor, dual driver, 20Hz-18kHz, 119dB max SPL, 27Ω   | 399.00 |

**WESTONE ELITE SERIES CUSTOM IN-EAR MONITORS** The Elite Series™ are custom-molded in-ear monitors to eliminate and reduce onstage noise levels and vocal fatigue. They feature balanced armature drivers, over-the-ear cable design and a body heat-activated "flex-canal" to ensure a perfect acoustic seal. Available in a wide variety of colors.

| ITEM | DESCRIPTION  | PRICE  |
|------|--|--------|
| ES1  | In-ear monitors, single driver, 40Hz-16kHz, 114dB max SPL, 25Ω | 375.00 |
| ES2  | In-ear monitors, dual drivers, 20Hz-18kHz, 119dB max SPL, 27Ω  | 650.00 |
| ES3  | In-ear monitors, 3 drivers, 20Hz-18kHz, 124dB max SPL, 25Ω     | 800.00 |
| ES3X | In-ear monitors, 3 drivers, 20Hz-18kHz, 124dB max SPL, 56Ω     | 850.00 |
| ES5  | In-ear monitors, 5 drivers, 8Hz-20kHz, 120dB max SPL, 20Ω      | 950.00 |

*Custom-fit models require a visit to an Audiologist (exam fee is NOT included in cost of in-ears) Call for more information*

**WESTONE UM SERIES IN-EAR ISOLATING HEADPHONES** Experience isolation from outside noise and accurate sonic reproduction with low distortion. The UM Series are universal fit monitors and have comfortable, replaceable Comply™ foam tips. The UM3X-RC offers 3-way, balanced armature for incredibly smooth response across the entire frequency range. Each model is equipped with a durable 50" stereo "Y" cord and a 3.5mm stereo jack. Each also includes a wax loop for cleaning & padded travel pouch.

| ITEM    | DESCRIPTION  | PRICE  |
|---------|--|--------|
| UM1     | Single driver earphones, 40Hz-16kHz, clear                   | 129.00 |
| UM2-RC  | Dual driver earphones, removable cable, 20Hz-18kHz, clear    | 299.00 |
| UM3X    | 3 driver earphones, 20Hz-18kHz, black/clear                  | 379.00 |
| UM3X-RC | 3 driver earphones, removable cable, 20Hz-18kHz, black/clear | 399.00 |

# ETYMÖTIC

**ETYMOTIC RESEARCH ETY-KIDS SAFE-LISTENING EARPHONES** Engineered for safe sound output while maintaining exceptional sound quality, ETY-KIDS feature a built-in adjustable limiter so parents can set the maximum volume. By controlling earphone sensitivity, it is not necessary to restrict the volume setting on the player. ETY-KIDS also provide isolation, so your kids will hear every detail and not complain that the volume is too low.

| ITEM | DESCRIPTION  | PRICE |
|------|--|-------|
| EK5  | ...Ety-Kids earphones                              | 49.00 |
| EK3  | ...Ety-Kids earphones, with Apple 3-button control | 79.00 |

## ETYMOTIC RESEARCH ER-4 MICROPRO™ EARPHONES

The ER4 earphones feature Accu-Driver™ balanced-armature, precision-matched, custom-tuned drivers. The ER4S earphones are designed to be used with amplified sources and the ER4PT are for portable sources such as iPods. The ER4PT includes ACCU-Fit eartip options to ensure seal and comfort. Both models have 20Hz-16kHz frequency response, 122dB maximum SPL and 35dB to 42dB of noise isolation. Includes 5' cable with 3.5mm plug.

| ITEM  | DESCRIPTION  | PRICE  |
|-------|--|--------|
| ER4S  | ...Balanced armature earphones                                       | 299.00 |
| ER4PT | ...Balanced armature earphones for iPod/MP3, includes eartip options | 299.00 |

## ETYMOTIC RESEARCH MC3 & MC5 NOISE-ISOLATING EARPHONES

The mc3 earphones have a 3-button control and in-line mic and are compatible with the iPod® touch (2G, 3G, 4G), iPod® classic, iPod® nano (4G, 5G, 6G), iPod® Shuffle (3G, 4G), iPhone® (3GS, 4S) and the iPad™. The mc5 earphones feature tight, accurate bass with clear high-frequency detail at all listening levels. Also features a high-output 8mm neodymium moving coil driver, a 20Hz-15kHz frequency response and 35dB to 42dB of noise isolation. Both models have a 4' cable with 3.5mm plug and come in black, red, blue, or green.

| ITEM | DESCRIPTION   | PRICE |
|------|---|-------|
| MC3  | ...Moving coil earphones w/ 3-button control and in-line mic (choose color) | 99.00 |
| MC5  | ...Moving coil earphones (choose color)                                     | 79.00 |

# SONY® SONY MDR7550 PROFESSIONAL IN-EAR HEADPHONES

High quality in-ear monitoring headphones for live stage use. They feature 16mm driver units with ML diaphragms, neodymium magnets, flexible ear hangers for superior fit, gold stereo 1/8" plug with 1/4" adapter, 5.25' cord and 3 sizes of hybrid silicone/rubber earbuds. They have a frequency response of 3Hz-28kHz, 108dB/mW sensitivity rating, and 16ohm impedance. Soft case is included.

| ITEM    | DESCRIPTION                     | PRICE  |
|---------|---------------------------------|--------|
| MDR7550 | ...In-ear headphones, 3Hz-28kHz | 299.99 |

**ETYMOTIC RESEARCH ETY-PLUGS HEARING PROTECTION** ETY-Plugs® reduce most noise to safe levels while preserving the clarity of speech and the richness of music. They are configured to replicate the natural response of the ear canal so that when sound enters the earplug, it is reproduced unchanged, exactly the same as the ear would hear it, only quieter. Available in large or standard sizes, in blue, clear, purple or red.

| ITEM     | DESCRIPTION                    | PRICE |
|----------|--------------------------------|-------|
| ETY-PLUG | ...Hearing protection, (-20dB) | 12.95 |

## ETYMOTIC RESEARCH HF5™ EARPHONES

These high performance noise-isolating earphones have a high output sensitivity of 105dB SPL and have an 85%+ response accuracy from 20Hz-15kHz. Also feature 35dB to 42dB of noise isolation and include a 4' Kevlar-reinforced cable with a 3.5mm jack. Available in black, ruby and cobalt.

| ITEM | DESCRIPTION                                 | PRICE  |
|------|---|--------|
| HF5  | ...Noise isolation earphones (choose color) | 149.00 |

## ETYMOTIC RESEARCH MUSICPRO ELECTRONIC EARPLUGS

Designed for musicians who need aural protection, want to hear naturally and avoid removing earplugs to hear normal conversation, these adaptive noise-reducing earplugs automatically adjust to protect your most valuable instrument – your ears. Two selectable modes of operation allow you to choose your style of protection. Natural hearing with -15dB attenuation when sound exceeds safe levels, or enhanced hearing which boosts soft sounds by 6dB and attenuates unsafe levels by -9dB. Both modes restore natural hearing when sound drops below the safety threshold. Includes ACCU-Fit eartips, flexible neck cord, filter tool and ACCU-Filters™, cleaning tool, batteries, manual and protective case.

| ITEM         | DESCRIPTION            | PRICE  |
|--------------|------------------------|--------|
| ER125-MP9-15 | ...Electronic earplugs | 399.00 |

## AKG IP2 EARPHONES

These earphones provide a high-quality level of sound reproduction and suppress high ambient noise levels, providing excellent isolation. Three sizes of rubber earmolds and an integrated sliding cable tie are also included.

| ITEM | DESCRIPTION   | PRICE |
|------|---|-------|
| IP2  | ...High-isolation earphones, 12Hz-35kHz, 3.8ft. cable, 3.5mm jack | 79.00 |

## AURISONICS ASG-1 IN-EAR MONITOR

The next generation of generic fit (one size fits most) in-ear monitoring technology. Its 15mm custom-designed dynamic driver is placed in the monitor at an optimal angle and ported for superb performance. Multiple drivers are not necessary due to the full-range capabilities of the dynamic driver. The specially designed shape will provide a perfect fit for 90% of users, with optional tips available for the remaining 10%. The ASG-1S "Signature Series" feature all the same features as the ASG-1 but with polished body, chrome plated covers, polished screws, and hand-picked dynamic drivers that exceed the performance of standard drivers. All models include tips and an Otterbox hardshell waterproof case.

| ITEM    | DESCRIPTION   | PRICE  |
|---------|---|--------|
| ASG-1   | ...Digital hybrid in-ear monitor, black               | 249.00 |
| ASG-1S  | ...As above, with chrome finish and different drivers | 449.00 |
| ASNCST1 | ...Replacement tips, small, medium & large            | 7.50   |

# Comply™

## COMPLY FOAM TIPS FOR IN-EAR MONITORS

Comply Foam Tips T-Series use specialized memory foam that allows earphones to comfortably rest in the ear. Thirty-times softer than the factory-supplied silicone tips, Comply Foam conforms to the ear canal and remains secure. Please see our website for a complete list of compatible in-ear models.

| ITEM | DESCRIPTION   | PRICE |
|------|---|-------|
| T100 | ...Foam tips, fit Etymotic, Shure, Westone & more         | 14.95 |
| T400 | ...Foam tips, fit Audio-Technica, Sennheiser, Sony & more | 14.95 |
