Roland® ROLAND RD-800 88-KEY DIGITAL STAGE PIANO

Part of the RD series' next generation - the new RD-800 offers a streamlined, updated look with improvements in sound, feel, and versatility. The acoustic piano selection has been expanded and enhanced, while the 88-note keyboard features Roland's flagship hammer-action design for expressive action. Choose from a variety of authentic vintage electric pianos, plus organs, synths and many other professional sounds for your live performances. The intuitive interface makes onstage performance effortless; includes a color display, a generous array of dedicated controls and the new Tone Color function for dramatic sound manipulation from a single knob. Features WAV recording/song playback and user memory backup with optional USB flash memory. I/O includes 1/4" and balanced XLR stereo outputs and an 1/8" stereo input for connecting a music player or other device. Includes power cord, damper pedal and cord clamp.

YAMAHA P-105 DIGITAL PIANO This 88-note, graded-hammer standard, weighted-action keyboard feels heavier in the low end and lighter in the top, just like the keys of an acoustic piano. The PureCF sound engine recreates the sound of Yamaha's CFIIIS concert grand piano. Also new, the USB to Host port and line-level AUX outputs allow a variety of connectivity options with everything from an amplifier to an iPad. Its 128-note polyphony ensures the suppression of dropped notes even with simultaneous dual, split, and drum pattern playing. For EQ, an Intelligent Acoustic Control provides full, balanced sound that adapts to your volume setting for the best possible tone at any level.
