MINI-RECTIFIER-25

**MESA ENGINEERING RECTIFIER® GUITAR AMPLIFIERS**

For 20 years the Rectifier amplifiers have defined American high-gain sound. These amps maintain their tight low end under even the most extreme settings. Recto amps now feature Multi-Watt™ technology. The Dual Rectifier head has 3 independent channels, each with gain, treble, mid, bass, presence and master control and channel assignable dual-rectification. Includes 3x3 6-button footswitch. The Mini Rectifier 25 head produces the same tones you've come to expect from a Rectifier head but in a 2-channel ultra-compact package. It is switchable between 10W and 25W and includes a padded gig bag and 1-button footswitch.

ITEM	DESCRIPTION	PRICE
DUAL-RECTIFIER-HEAD	.....Tube amp head, 100/50W, 3-channel.....	1949.00
MINI-RECTIFIER-25	.....Tube amp head, 25/10W, 2-channel.....	999.00

**NEW!**

**MESA ENGINEERING RECTO-VERB AMPLIFIERS**

Based on the 25W Mini Rectifier® Twenty-Five Head, the new Recto®-Verb™ amplifiers provide 2 fully independent channels each with 4 style modes, Dyna-Watt™ assignable power of 10 or 25W on each channel, an all-tube, fully buffered FX loop, 2 EL84 power tubes and a lush tube driven reverb. The Recto®-Verb™ is available in a lightweight head or 1x12" combo.

RECTOVERB-25-COMBO

EXPRESS-5-50-1X12

**MESA ENGINEERING EXPRESS PLUS™ SERIES AMPLIFIERS**

These amps offer 2 channels and 4 modes. Using the Patented Duo-Class™ power circuit and Multi-Watt™ channel-assignable power amp they offer both single-ended and push-pull configurations. In Class 'A' mode both amps offer 5W

of pure single ended amplification. Each channel has contour and depth control, and 4 different style modes; Clean/Crunch on channel 1 and Blues/Burn on channel 2. A 5-band graphic EQ and Solo level control are included and both are foot-switchable. Each comes with tube-drive long spring reverb, slip cover and 4-button footswitch.

ITEM	DESCRIPTION	PRICE
EXPRESS-5-25-1X12	..... Tube combo, 5/15/25W, 12" speaker.....	1349.00
EXPRESS-5-50-1X12	..... Tube combo, 5/25/50W, 12" speaker.....	1449.00

LONESTAR-2X12-COMBO

**MESA ENGINEERING LONE STAR® SERIES AMPLIFIERS**

These amps offer tone and versatility ranging from vintage to modern boutique sounds. Featuring 2 channels and Multi-Watt™ power options they create amazing sparkly cleans, classic breakup, and high gain tones all in one amp. The Lone Star Special® is a Class 'A' design using EL84 power tubes to make it incredibly expressive while the higher-wattage Lone Star amps use 4x6L6 tubes in Class A/B configuration. All Lone Star amps have a tube-driven long spring reverb and include a footswitch.

ITEM	DESCRIPTION	PRICE
LONESTAR-SPECIAL-112	.....Tube Combo, 5/15/30W, 12" speaker.....	1849.00

**MESA ENGINEERING MARK V AMPLIFIERS**

This 3-channel amp boasts 9 modes and is the culmination of nearly 40 years of tube amp design and experience. It contains faithful recreations of the MARK I®, the MARK IIC+®, the MARK IV® as well as new Brit-inspired circuits and unmatched control and flexibility. MARK V features Multi-Watt™ and Duo-Class™ technology giving it 3 power and 3 operating class options that are channel assignable. Among its extensive controls is a 5-band graphic EQ that is both channel-assignable and footswitchable. The amps are fan-cooled and include a footswitch.

MARK-V-COMBO

ITEM	DESCRIPTION	PRICE
MARK-V-COMBO	..... Tube combo, 10/45/90W, 12" speaker.....	2399.00

**NEW!**

**VOX NIGHT TRAIN** The next generation of Night Train amps has arrived. The new models all have added reverb to go along with the tube tones these amps are known for. The 50W NT50H-G2 head, with class AB design, is driven by three 12AX7 tubes and powered by two EL34's. The 15W NT15H-G2 uses the same preamp as its bigger brother but uses two EL84 power tubes. Match either with the 1x12" or 2x12" VT extension cabs featuring Celestion speakers. New to the line is a 15W, 1x12" combo amp - the NT15C1. All amps are 2-channel and have a footswitch input and FX loop.

### VOX SOUNDBOX MINI MULTI-PURPOSE AMPLIFIER

This flexible, lightweight amp creates huge sound courtesy of "Acoustage" virtual surround technology driving (2) 4" speakers. 11 amp type modes available - tweaked for guitar, bass and keyboards. Plug

in a microphone or auxiliary source for practicing and hear both signals at once. The great-sounding onboard 24-bit effects include compressor, chorus, flanger and tremolo, as well as 4 types of delays/reverb with a Tap switch to easily adjust delay time. Other handy features include center-cancel - for minimizing vocal/solo parts for study, durable aluminum die-cast body, onboard 'E' tuner and mic stand mounting hole. Input includes 1/4" guitar/instrument (L/Mono), 1/4" (R), 1/4" mic, 1/8" aux in and an 1/8" headphone out. Requires AC adapter or 6AA batteries.

ITEM	DESCRIPTION	PRICE

**FENDER '68 CUSTOM AMPLIFIERS**

These re-issues pay tribute to the "silver-face" Fender amps of the late '60s. Used by players across the entire musical spectrum, these amplifiers hold an important place in rock and roll, blues, jazz, and many other musical styles' history. The '68 Custom Deluxe and Custom Twin amps feature Celestion G12V-70 speakers that give them a more rock and roll flavor. The '68 Princeton Custom is loaded with a 10" Celestion TEN 30 speaker. The tone-stacks of all models have been modified to give the player more modern tonal flexibility with pedals.

**NEW!**

VINTAGE "CHICKEN HEAD" KNOBS

**FENDER '57 DELUXE/65 DELUXE REVERB AMPLIFIER HEADS**

Perfect for rock, country or blues players who want authentic tone without spending a fortune on restoration or maintaining the finicky originals. Both all-tube heads use 12AX7 preamp tubes, work with 8Ω cabinets and have vintage aesthetics; the tweed Deluxe even has "chicken head" knobs. The '57 Deluxe features hand-wired circuitry on eyelet board, venerable late '50s 5E3 circuit, mic & instrument inputs (both full sensitivity and -6dB), and tone/instrument volume/microphone volume controls. The '65 Deluxe Reverb head offers dual channels (normal and vibrato), tube-driven reverb & vibrato and includes a 2-button foot-switch for reverb & vibrato on/off control.

**Ibanez**  
**IBANEZ TUBE SCREAMER 5 TVR**

**NEW!**

The cream and blue tolex, and '60s style legs aren't the only reason this amp screams retro, it has the sound to match as well. An all-tube signal path from the 12AX7 pre-amp tube to the 6V6 power tube is joined by a 2-band EQ and an Accutronics reverb tank. A built-in Tubescreamer circuit provides all the gain you need.

ITEM	DESCRIPTION	PRICE
TSA5TVR	Tube combo amp, 5W, 8" Jensen C8R, Accutronics reverb	399.99

**LINE 6**  
**AMPLIFI GUITAR**

**NEW!**

Available in 75W or 150W versions, the multi-speaker configuration of these amps delivers incredibly detailed full range sound while the built-in DSP creates amazing tones from almost 200 amp models and effects (up to 8 simultaneously). Bluetooth streaming audio allows you to stream wirelessly from your tablet, computer or smartphone – ideal for rehearsing or parties. The AMPLIFI remote app, for iOS, lets you control every parameter from your smartphone, as well as share/rate tones via cloud and use tone-matching technology to let you match your favorite guitar player's tone. Both models offer either an 8" or 12" main speaker, (2) mid-frequency drivers, (2) high-frequency drivers, 1/4" guitar and 1/8" auxiliary inputs, 1/4" headphone output, tap tempo/tuner, 4 onboard presets, stereo wet/dry effects, USB connection and are compatible with FBV MkII foot controllers.

DSL5C	Tube combo amp, 5W, 10"	499.99

DSL100H-U

**MARSHALL DSL AMPLIFIERS** These all-valve (tube) amps are based on the JCM2000 DSL100 amp head. DSL15C combo and DSL15H head offer 2 channels that share a 4-band EQ, built-in digital reverb, and pentode/triode operation switch for 7.5W/15W operation. DSL40C adds two modes per channel and pentode/triode switch for 20W/40W. The 100W DSL100H is the same design as the classic DSL100 with added digital reverb, resonance control, and pentode/triode for 50W/100W operation. All DSL models include a footswitch.

POWER TO THE MUSIC

TI15-112  
TI100

**LANEY TONY IOMMI SIGNATURE TUBE AMPS** The 100W TI100 head offers two identical channels of gain, each with footswitchable PreBoost, Drive control, 3-band EQ, channel volume, and Enhance/Presence controls. Rear panel features include power amp in/preamp out, FX loop and SYM link, which switches two or more TI100s simultaneously. The TI412S 4x12" cabinet features Celestion® G12H speakers. The TI15-112 is a single-channel combo version of TI100, offering high gain tone and dual wattage options (15W/1W). It also offers speaker-emulated Record Out for direct recording, 1/8" stereo CD/MP3 line input and FX loop.

ITEM	DESCRIPTION	PRICE

## LANEY IRONHEART RECORDING AMP

This 15W 3-channel all-tube 2RU unit is designed specifically for recording. Crushing tone is provided by (3) 12AX7 preamp tubes, (2) EL84 power amp tubes and selectable 15W/1W output. It features a rear panel RE-AMP send jack and USB 2.0 I/O which supplies dry and processed signals split right/left into your DAW for reamping. Internal dummy load allows you to record silently, while the speaker-emulated Record Out delivers your tone to the DAW or PA. Each of the switchable channels offers volume, gain, EQ, tone and dynamic controls and digital reverb. Includes a footswitch with cable and gig bag with shoulder strap.

NEW!

VALVEKING-II-MICRO

**PEAVEY VALVEKING** Rugged and road-ready, the Valveking amps bring real boutique features to workingman's amplifiers. Valveking amps are 2-channel all-tube designs with 12AX7 preamp tubes and either EL84 (20W & MicroHead) or 6L6GC (50W & 100W) power amp tubes. Each channel has a 3-band EQ. The Clean channel adds a treble-boosting bright circuit and the Lead channel has a separate volume and gain boost. A master resonance, presence and Vari-Class™ power control is standard on every amp.

ITEM	DESCRIPTION	PRICE
VALVEKING-II-20	Tube combo amp, 20W, 12"	549.99

AT200-BREAKOUT-BOX

VYPER-PRO-100

NEW!

## PEAVEY VYPER PRO MODELING AMP

With over 100 different amp, effect, stompbox, and instrument models, a custom-voiced 12" speaker designed for modeling, patented TransTube® preamp, dual DSPs and a host of other useful, great-sounding features, this 100W amp is the pinnacle of the VYPER series. Four module bays can be assigned to any model or effect, and then assigned in any order, creating any signal path your heart desires. MSDI (Microphone Simulated Direct Interface) creates "amp in a room" sound when used direct to FOH or recording direct. The VYPER Pro integrates directly with Peavey's AT-200 guitar, allowing preset and tuning changes at the press of a single button. Other features include Power Sponge™ output power adjustment, effects loop, assignable input attenuator, MIDI output, headphone output, bidirectional USB connector and MP3/CD/Aux input for practice sessions. The Sanpera® Pro foot controller places assignable dual expression pedals, real-time parameter control, boost switch, tap tempo, chromatic tuner and looper controls at your feet.

ITEM	DESCRIPTION	PRICE

SANPERA-PRO	Foot controller for VYPER-PRO	299.99
AT200-BREAKOUT-BOX	Breakout box for AT-200/VYPER Pro	59.99

SANPERA-II

VYPYR-VIP-1

**PEAVEY VYPYR® VIP SERIES MODELING AMPS** Combining 36 amp models with 6 acoustic amp models, 6 bass amp models and instrument simulations (!), this flexible series of amps has power and tone to spare. The 32-bit floating point SHARC processors and TransTube analog circuitry combine for the best of digital and analog effects while the bi-directional USB port allows you to easily record, store/swamp presets or get lessons and backing tracks via your computer. VIP-2 and VIP-3 both use a 12" custom-voiced modeling speaker; VIP-3 also offers 100W-1W variable power. Add an optional Sanpera™ I or Sanpera II foot controller for real-time control.

ITEM	DESCRIPTION	PRICE
VYPYR-VIP-1	20W modeling amp	129.99
VYPYR-VIP-2	40W modeling amp	199.99
VYPYR-VIP-3	100W modeling amp	299.99

TM36H	3-channel tube amp head, 36W, (3) 12AX7/(4) EL84	959.00

KEMPER

PROFILER-POWERHEAD

**KEMPER POWERED PROFILING AMPS**

Now featuring 600W of stage-shaking power, these "profiling amps" create dynamic, multi-dimensional representations of guitar amps. Profiling an amp is simple and once profiled you can control the sound of the amp as never before. In addition to the vast library of profiled amps the Kemper boasts a huge library of stomp box effects, a powerful EQ section, speaker cabinet profiles, and ample I/O. A 19" rack version is also available.

ITEM	DESCRIPTION	PRICE
PROFILER-POWERHEAD	600W guitar amp profiling and effects	2640.00
PROFILER-POWERRACK	As above, but 19" rackmount, 3RU	2640.00
KPA-BAG	Gigbag for PROFILER-POWERHEAD	124.00

Palmer Musical Instruments

**PALMER MUSICAL INSTRUMENTS DREI TRIPLE SINGLED ENDED AMP**

This unique amplifier takes 3 single ended amplifiers and packs them in one lunchbox-sized head. Each of the 3 power sections can accommodate a wide variety of common power tubes. The 3 can be used independently or they can be blended together to create an entirely new pure tube tone. Controls include preamp saturation, overall tone, and power amp control for each single-ended circuit.

ITEM	DESCRIPTION	PRICE
PDREI	Tube amp head, 15W	1499.95

**PALMER FAB 5** Featuring a single-ended circuit, this all-tube combo amp produces natural tones with great response. A 12AX7 is used for the preamp and the power section is comprised of a 6V6 and an EZ81 tube rectifier. The amp has an internal power soak for 5W, 2W, or .05W operation. The speaker is a 10" Eminence Ragin Cajun. There is also a speaker output and a foot-switchable boost function.

NEW!

ITEM	DESCRIPTION	PRICE
FAB-5	Tube combo amp, 5W, 10"	699.95

YAMAHA

**YAMAHA THR DESKTOP AMPS**

The THR5 is simple and portable, with no compromised sound and with minimal controls and layout. Features 5 amp type modes - deep, shiny clean to modern high-gain. THR5A features classic mic models matched with studio-grade effects optimized for acoustic/electric and silent guitars. The THR10 offers bass amp modeling, electric-acoustic mic simulation and flat channel for vocals/keyboards. Equipped with a 3-band EQ and User Memory Function. Up to 5 amp sounds, effects and EQ can be saved with easily accessible buttons on the control panel. THR10C used VCM (Virtual Circuitry Modeling) to recreate the dynamic response of a classic tube amp. On the other side of the musical spectrum, THR10X features 5 different channels modeled from 3 amps, all of which deliver intense distortion. All bundled with Cubase AI. AC or AA battery powered (batteries sold separately).

ITEM	DESCRIPTION	PRICE
THR5	Two 3" speakers, USB, 1/4" mono in, headphone out, 1/8" aux in	199.99
THR5A	As above, with mic sim and studio effects	199.99
THR10	As above, with bass amp models, mic sim and flat channel	299.99
THR10C	As above, with tube amp models	299.99
THR10X	As above, with high-gain amp models	299.99

Roland

CUBE80GX

**ROLAND CUBE GX SERIES GUITAR AMPLIFIERS**

Full of useful tones and features, these powerful CUBE-GX amps are great to gig, rehearse and practice with. All models include 3 independent channels (Clean, Lead and Solo), a custom-designed speaker, 3 independent FX sections including delay and reverb, built-in chromatic/manual tuner, Recording Out/Phones jack for direct recording or silent practice, and the i-CUBE LINK jack for jamming along with iOS devices. The free CUBE JAM iOS app plays songs and "minus-one" backing tracks for practicing as well as recording the amps tones along with music playback. The CUBE-40GX and CUBE-80GX versions include Roland's famed COSM guitar amp modeling.

ITEM	DESCRIPTION	PRICE
CUBE20GX	20W, 8" electric guitar amplifier	219.00
CUBE40GX	40W, 10" electric guitar amplifier, 10 COSM® models	269.00
CUBE80GX	80W, 12" electric guitar amplifier, 11 COSM® models	419.00

FINISH OPTIONS:

CUBE-LT

**ROLAND CUBE LITE AMP**

Featuring a unique combination of COSM guitar tones, 2.1 channel audio, stylish design and iOS interface, the 10W CUBE Lite amp is great for both practicing and casual music listening. Easily interfaces with an iOS device, and allows you to control the blend between COSM tones and iOS audio. The free CUBE JAM app turns your iOS device into a command center for jamming, learning and recording at 16-bits/44.1kHz, create jam tracks via Center Cancel, and adjust playback speed and pitch. Direct Mode allows you to record your guitar dry, for later "re-amping", while listening to COSM sound, or allows for real-time guitar processing in any app, monitoring the output with the CUBE Lite. The CUBE Lite Monitor, for vocals and keyboards, has the same great features as the amp without COSM processing.

ITEM	DESCRIPTION	PRICE
CUBE-LT	Digital guitar amp, 3x3", 10W, COSM modeling	169.00
CUBE-LM-WH	Digital vocal/keyboard amp, 3x3", 10W	169.00
