

MJ-X

VocoPro is always on the cutting edge when it comes to technology and the 250GB MEDIA-JUKEBOX-X is the latest development in Audio & Video Entertainment. Simply transfer those DivX®-encoded CDG, VCD or DVD collections to the MEDIA-JUKEBOX-X's Hard Drive via the USB port on your computer. Then connect it to any TV and sound system. The built-in decoder will play all those media formats directly from the MEDIA-JUKEBOX-X without a computer. Quickly access your tracks for playback and free yourself from carrying around all those discs and your laptop. Its mobility and versatility make the MEDIA-JUKEBOX-X unlike any other computer-based system in the industry.

With the 250GB Hard Drive in VocoPro's new MEDIA-JUKEBOX-X, you can store and play DivX® CDG Karaoke songs or full-length DivX® movies. The built-in MEDIA-JUKEBOX-X decoder supports DivX®, DVD, VCD, CDG, MP3, and even Photo CDs for output. It's simple with a USB 2.0 connection for ultra fast file transfer!

Features:

- Supports DivX, DVD, DivX-encoded CD+G files*, VCD, MP3, WMA and Photo CD for playback to any system
- USB 2.0 connection for ultra fast file transfer
- Built-in Digital Key Controller for professional-level karaoke
- 250 GB hard drive stores a huge library of A/V files
- Hard drive output eliminates skipping
- Cue List Playback allows you to cue up to 99 tracks for program while current track is playing
- Super small size, less than 1 lb. for convenient portability
- Includes full function remote, AC adapter, USB & A/V cable, Coaxial digital Audio cable, digital RGB video patch cable
- Connects directly to a TV and sound system without a computer
- Optional accessories (each sold separately): External infrared sensor and S-Video patch cable
