

MTP 540 DM / DMs

LEWITT's MTP 540 DM and MTP 540 DMs are high-performance cardioid dynamic handheld microphones optimized for vocal applications, and they set new standards of sound quality in both demanding studio recordings and onstage use.

The MTP 540 DM and DMs combine the advanced technological features so essential to memorable and authentic vocal reproduction, providing just the kind of performance you expect in a top-notch professional dynamic microphone: the elastic shock-mount system effectively cuts down handling noise, while a sophisticated built-in spherical wind and pop filter complements specially tailored frequency response to ensure consistently crystal-clear output in any setting.

Features

- Uniform cardioid pickup pattern for effective isolation of the intended sound source and minimal background noise
- Minimally affected by varying load impedance
- Frequency response tailored specifically to vocal applications, with brightened midrange and bass roll-off
- Extremely shock-proof capsule and rock-solid die-cast body
- MTP 540 DMs features on/off slide switch
- Gold-plated 3-pin XLR output connector
- Hardened hexagonal steel-mesh grille, ruthenium-galvanized finish (black)
- Comes in a cardboard box with foam layers; includes MTP 40 MCs shock mount and DTP 40 Lb leather bag

Top applications

- Vocals
- Live applications
- Recording

Tech graph

Tech data

- Acoustical operating principle: dynamic, moving coil
- Directional pattern: cardioid
- Frequency range: 60 ... 16,000 Hz
- Sensitivity: 2 mV / Pa (-54 dBV)
- Rated impedance: < 300 ohms
- Connector: gold plated 3-pin XLR
- Dimension: 49 dia. x 175 mm
1.9 dia. x 6.9 inch
- Net weight: 325 g
11.5 oz.
