AC1

full acrylic
CUSTOM MONITORS

STEP UP TO CUSTOMS
SINGLE DRIVER DESIGN
YOUR FIT, YOUR SOUND

The AC1 breaks new ground in performance, quality and value. Handcrafted in the same custom lab as the revered Westone ES Series, the AC1 uses a single balanced armature driver to accurately reproduce your live performance. The clear acrylic body with removable cables is exceptionally comfortable, provides up to 25dB of ambient noise reduction and is quite stealthy on stage.

SPECIFICATIONS:

PARAMETER
