2 YEAR LIMITED WARRANTY (parts and labor)

Contact your LG Sales representative on the RJPs that are compatible with the LD452C series.

WHEN IT'S GREEN.

LG is committed to improving product development, manufacturing and usage to meet the demand for environmentally friendlier products. Our LD452C televisions have technologies to reduce power consumption and in return increase **cost savings** per room. We've also placed limits in the amounts of harmful materials used in these televisions.

EcoSmart

Energy Saving Levels - Manually select your choice for the brightness level for the television.

- RoHS Compliant Meets directive on restriction of hazardous substances.
- **Energy Star 4.1 Qualified** Meets current reduction requirements of energy consumption.

FEATURES

LG's newest core technology, Picture Wizard, enables easy self-calibration by providing on-screen reference points for key picture quality elements such as black level, color, tint, sharpness and backlight levels. By using this easy-to-use calibration process, the picture setting can be set to better fit the type of room application.

Dramatizations

BED1/2/3/4 REMOTE CONTROLABILITY

 ${
m LG}$ TVs with Bed 1/2/3/4 function eliminates the remote control signal interference between TVs in multiple dwelling rooms. This system will work using the same ${
m LG}$ TV model.

ENERGY SAVING LEVELS

Manually select your choice for the brightness level for the television. By selecting Minimum, Medium, or Maximum, the power consumption will be reduced and an increase in energy savings can be achieved. (Note: Selecting minimum level may slightly increase power consumption on some models)

CONNECTIVITY

As a versatile addition to the TV viewing experience, LG's optional autosensing Remote Jack Packs (RJP)*, can serve as a multimedia hub that can be installed conveniently on a table or in a wall. Connect portable devices such as a laptop, mp3 player, or a digital camera to display images, play video or music from the set.

USB 2.0 MEDIA HOST USB 2.0 will support JPG and MP3 files from a USB storage device.

PUBLIC DISPLAY SETTINGS

When used in public areas, these HDTVs can be easily programmed by the installer to have the TV turn on at a specified channel/volume level, set the minimum/ maximum volume, lock out the control panel/remote, set the aspect ratio, and return to a factory reset. By using Power Management, these displays can be programmed to turn off if there has been no activity (remote or control panel buttons) for a preset time (1-7) hours.

USB CLONING

USB cloning will allow for easy transfer of Public Display Settings from the "Master TV" to an unlimited number of same type televisions.

invisible SPEAKER

SOUND IS HEARD, NOT SEEN

Enjoy a combination of smart technology and stylish design with the invisible speaker system custom tuned by audio expert Mr. Mark Levinson. This unique system provides a clean, polished look and an enhanced auditory experience by increasing the sweet spot and providing a wider sound field.
