

NEW VISIONMOUNT® SUPER SLIM LOW-PROFILE MOUNTS

MODEL VLL10-B1

MODEL VML10-B1

Specially designed to highlight the sleek look of ultra-thin flat-panel TVs

New VML10 and VLL10 Super Slim mounts are designed to emphasize the sleek look of ultra-thin LCD, plasma and LED TVs by placing them just .67" from the wall. But unlike other low-profile mounts, Sanus' new Super Slim mounts feature exclusive ClickStand™ technology, which holds the bottom of the TV away from the wall for easy access to cables — without removing the TV from the mount. The VML10 and VLL10 also offer lateral shift adjustment, allowing you to slide the TV left and right on the wall plate so it's positioned exactly where you want it, even with off-center wall studs.

VLL10-B1 shown
