SPK-CCF848-PRO

Complete K-overage ESD™ (Equal Sound Dispersion) Ceiling Speaker

The SPK-CCF848-PRO is an innovative, patent pending Kramer Complete K-overage ESD™ ceiling speaker. It is the only speaker in the industry with built-in stereo separation. Constructed with a central driver and four pivoting tweeters in a sealed enclosure, the Kramer Complete K-overage ESD™ provides unmatched sound response for both voice and music in a suspended ceiling device for the professional market.

FEATURES

Complete K-overage ESD - Patent pending design with 4 pivoting tweeters direct the sound, based on the room environment, for equal sound dispersion (ESD).

Wide Sound Dispersion - 180° range.

Minimizes Speaker Installation - One Kramer ESD speaker replaces multiple standard speakers, quick and easy installation.

Excellent Bass Response - Optimized for music and high-quality voice reproduction.

4 Pivoting Tweeters - 3/4" (6 Ω) with silk domes.

Woofer (8 Ω) - 8" polypropylene cone.

40W RMS Power Rating.

Smooth Frequency Response.

Shallow 4-Inch Depth (approx. 100mm).

RoHS Compliant.

Choice of Models - Full tile or half tile size, stereo or mono.

Accessories - Installation bracket (for half-tile only).

Each Speaker Sold Separately.
