# kena™ digital microscope

a new portable digital microscope suited for the classroom and the field.

Simply plug the factory-installed USB cable into your computer or netbook, launch the Applied Vision™ Software and go! You can magnify, capture and modify still images and videos.

The camera's ergonomic shape fits snugly in your hand or onto the sturdy metal base. kena has 2x, 4x and 10x objectives and cool, bright LED lighting on top and bottom for viewing of objects and slides.

**Innovative, affordable  
and energy efficient,  
an ideal 21st century  
classroom solution!**

## versatility
