

TA5F to WP

TECHNICAL DATA

Mic Cable Adapters

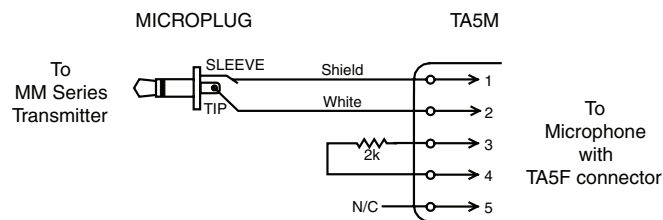

These adapters allow microphones with TA5F connectors wired for Lectrosonics transmitters to be used with the MM Series miniature transmitters. Two versions are provided for 2-wire and 3-wire microphones.

TA5F connector for Lectrosonics transmitters

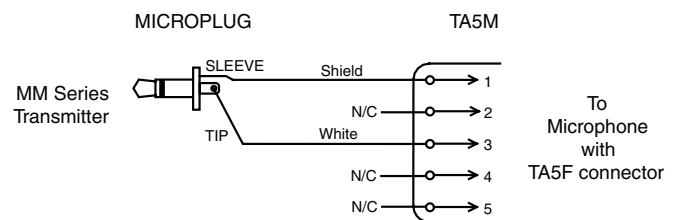

MCATA5M3-WP

For 3-wire lavalier microphones with TA5F connectors wired for Lectrosonics transmitters. This adapter cable contains a 2.2k Ohm resistor from pin 3 to pin 4 on the TA5 connector. This resistor provides the necessary source load for those microphones that require it.

MCATA5M2-WP

For 2-wire lavalier microphones with TA5F connectors wired for Lectrosonics transmitters.
