

# Lowell Stationary Base

## Description:

The LSB stationary platform base is designed to mount inside the rack frame to provide a floor positioned flush to the bottom rack space. This model is often specified to provide extra support for heavy equipment that is mounted in the lowest rack position. The base does not increase rack height. Construction is 14-gauge steel with a durable black wrinkle powder epoxy finish. To facilitate cable access, there is a center opening in the bottom. Cable pass-through openings on the back match up to openings on matching 19"W racks (LER, LER-F and LGR-series). Cable pass-through openings on the sides match up to openings on matching 19"W racks (LGR-series).

*Note: Base is not for use with seismic-certified racks.*

## Features:

- Rugged, fully-welded construction.
- Easy cable access through center opening.
- Includes hardware for bolt-on installation.
- Available in five depths: 22", 27", 32", 36", 42"
- For use with 19" wide racks (LER, LER-F and LGR-series).
- Base will not increase rack height.
- Made in the USA

## Optional:

- **Steel panel (SP-3):** 3U steel panel can be used to close the 13" x 5" center opening in Model No. LSB-22 (only). Order separately.

## A & E Specifications:

The stationary base for the rack shall be Lowell Model \_\_\_\_\_. The stationary base shall be of an inner platform design that mounts inside the rack frame to add the benefits of a floor positioned flush to the bottom rack space. When installed, the base shall not increase the overall height of the rack. Construction shall be 14-gauge welded steel with a black wrinkle powder epoxy finish. Mounting hardware to attach the base to the rack shall be supplied with the base. The base shall facilitate cable access through a center opening. The base shall also have side cable access via pass-through openings that align with openings on matching gangable racks (LGR-series).

LSB-27

| Model No. | Description                     | Former No. | Size Overall (W x D x H) | Size Inside (W x D) | Center Opening (W x D) | Weight (lbs.) |
|-----------|---------------------------------|------------|--------------------------|---------------------|------------------------|---------------|
| LSB-22    | Stationary Base (for 22"D rack) | PB222      | 22.81" x 20.38" x 3"     | 19.81" x 17.75"     | 12.97" x 5.00"         | 20            |
| LSB-27    | Stationary Base (for 27"D rack) | PB227      | 22.81" x 26.75" x 3"     | 19.81" x 22.75"     | 12.97" x 11.00"        | 24            |
