

Model: RL-1

Rack Light – utility

Description:

Handy UL Listed utility light hangs or magnetically-mounts to a steel rack or cabinet to provide an excellent light source, while working on rackmounted equipment. Light includes a long-life, 13W fluorescent bulb (light output equivalent to a 60W incandescent bulb) with a shatter-resistant lens, grounded 120V convenience outlet (13A), collapsible swivel hook (for hanging option), a detachable bracket with magnet, and a 6-ft. grounded power cord (16-gauge) with NEMA 5-15P plug.

Features:

- 13W fluorescent bulb
- Light output: equivalent to 60W incandescent bulb
- Shatter-resistant lens
- Grounded 120V outlet
- Two attached collapsible swivel hooks (for hanging)
- Magnet on detachable bracket (for magnetic mount)
- 6-ft. grounded power cord
- 2"W x 13.5"H x 3.5"D (including magnet)
- UL Listed

Optional:

- Model No. RL-1Bulb: replacement light bulb for rack utility light.

A & E Specifications:

The utility light shall be Lowell Model RL-1, which shall include a fluorescent bulb protected by a shatter-resistant lens. The light shall include a grounded 120V outlet (13A) and a grounded power cord. The device shall be UL Listed and capable of magnetically mounting or hanging in a rack.
