

Concert Club V C Series

Loudspeaker

C115VA

C112VA

Club V C models fit to fly and ideal for installations

- Solid, reliable connection hardware for suspended installation
- Painsstaking selection of parts and components, optimized wooden enclosures, and a thorough reevaluation of speaker capacity take sonic performance to a new level.
- Protection circuit prevents excessive tweeter input due to acoustic feedback or other causes.
- Durable enclosure with foamed steel grilles, and large metal handles for improved handling
- The YSProcessing (Yamaha Speaker Processing) switch provided on the EMX series powered mixers and P series amplifiers enhances matching for even greater sonic impact.
