

Digital Package

Part# 930-402-001

The Digital Package includes one TX-37A, four Digital-1s, one plaque, one window sticker, transmitter antenna, 50ft flexible coax, ground plane antenna mounting plate, and one rack mount kit. This system is designed for facilities with 100 seats, but is expandable to accommodate facilities with 4000+ seats

Transmitter antenna, 50ft flexible coax, ground plane antenna mounting plate

How many ALS receivers do I need?
 Use this chart to the right to figure out how many Digital-1s to add to this system for different sized facilities. We have this calculator available online at:
www.gentnerals.com

Number of Seats	Number of receivers needed	Number of telecoils needed	QTY Digital-1s to add to this package
100	4	2	0
200	8	2	4
300	12	3	8
500	20	5	16
1000	35	9	31
1500	42	11	38

Part Numbers for additional items:
 910-402-003 - Digital-1 Receiver
 910-402-105 - Telecoil Neckloop
