SIT-STAND COMPUTER/PROJECTOR WORKSTATION

MOBILE WORKSTATION

EC2741 is perfect for a mobile computer presentation cart. Cart is height adjustable for stand-up or sit-down applications. Mobile cart rolls easily on casters.

EC2741FF Mobile presentation cart is a great computer workstation. Cart includes a four-outlet electrical unit for powering equipment.

FEATURES

- Ideal for use with shared computers or for presentations that use a data projector and/or document camera in the classroom, art room, or office. Stores out of the way and easily repositions for use when needed.
- Height can be set at the time of assembly for stand up or sit down positions.
- Supports up to a 24" flat panel or 20" CRT computer monitor, keyboard, mouse, CPU tower, and data projector or other equipment.
- Adjustable CPU Tower holder mounts on the left or right side and holds towers up to 11-1/2"w.
- Work surface adjusts from 27" - 41"H, in 2" increments, and has two grommet holes that lead to a cord management bin.
- Modesty panel features an integrated cord management bin that can be equipped with an accessory ECF6 6-outlet electrical unit.
- 4" Quiet-Glide casters, two are locking.
- Constructed using an average 30% post-consumer recycled steel content and finished in environmentally friendly powder paint. Steel components are 100% recyclable at the end of the product life cycle. Certified to GREENGUARD Children & Schools Indoor Air Quality standards.
- Available in an environmentally friendly Grey Mist or Black powder paint finish.
- EC2741FF comes with surge and overload protected 6-outlet electrical assembly with on/off switch and 20' cord.
- Made in the USA.

DIMENSIONS

Overall: 37" w x 22-1/2" d x 27-41" h

Height Adjustment: 2" Increments

CPU Holder: Adjusts from 6-1/2" - 11-1/2" w

Cord Bin & Modesty Panel: 1-1/2" d x 37" w x 18" h, 4" h front edge

COLOR & FINISH

Grey Mist (-GM) powder paint

Black (-BK) powder paint

WEIGHT AND FREIGHT CLASS

EC2741-_: 73 lbs., Freight class 85, available to ship UPS

EC2741FF-_: 77 lbs. Freight class 85, available to ship UPS

Ships ready to assemble in one (1) carton pack

CARTON DIMENSIONS & UPC CODE

Carton: 20" w x 25" d x 39" h

EC2741-GM: 0 96633 17804 9

EC2741FF-GM: 0 96633 17805 6

EC2741-BK: 0 96633 17802 5

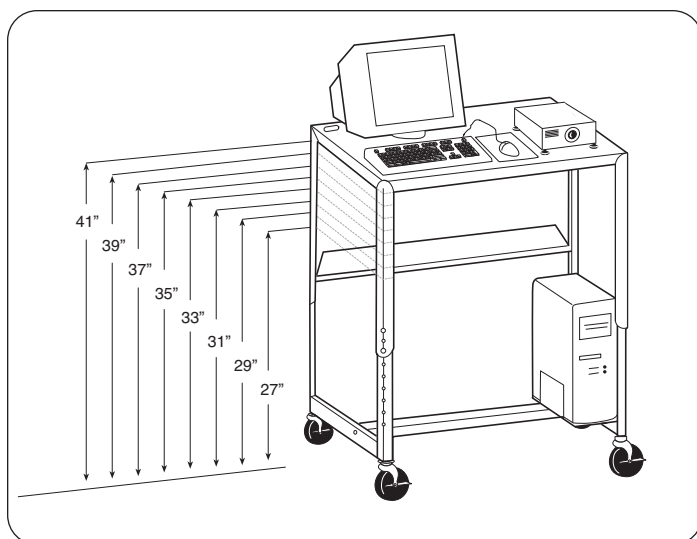

EC2741FF-BK: 0 96633 17803 2

MADE IN THE USA

The EC series computer carts are made in Bretford's Chicago area manufacturing facilities using union labor.

ENVIRONMENTAL SPECIFICATIONS

EC series computer carts are constructed with "prime" steel which has a 25% to 35% post-consumer recycled content and 100% recyclable at the end of the product life cycle. All steel components are finished in environmentally friendly powder coat paint that eliminates VOC's. All EC series carts are certified to GREENGUARD Children & Schools Indoor Air Quality standards.

SUGGESTED SPECIFICATIONS

EC2741 Sit-Stand Computer Workstation has one (1) 20-gauge steel shelf, 37" w x 22-1/2" d. Shelf is press formed so that a 1/4" lip borders the top surface on all four sides. Surface has two grommets in both the left and right back corners. Four (4) 14-gauge steel legs, 20-1/4" in length, are welded to the shelf at each corner. Each leg has four (4) 1/4" diameter holds down the center so it accepts a 1/4"-20 machine screw. The holes are spaced 2" apart to permit table height adjustments of 27", 29", 31", 33", 35", 37", 39" and 41". Table shall have one (1) 20-gauge steel 36" w x 18" h modesty panel that is attached between the rear legs. Modesty panel has an integrated full width cord bin which measures 1-1/2" d x 4" h. Adjustable projector cart has one (1) 14-gauge steel, welded "H" frame assembly. Has one 18-gauge adjustable CPU holder that mounts to the left or right side of the "H" frame base. The CPU holder adjusts from 6-1/2"-11-1/2". Four (4) 14-gauge steel legs, 19" in length, are welded to the "H" frame. Each leg has one (1) 1/4" diameter hole spaced 2" from the top and in the center so it allows eight (8) height adjustments (as noted above). Constructed with "prime" steel which has a 25% to 35% post-consumer recycled content. Arc welded caster socket with a hard plastic caster insert is secured to the legs. Casters are mar-resistant Black hard rubber and are 4" in diameter. Each caster assembly has ball bearing swivel capabilities and steel construction. Two (2) have locking brakes. Model EC2741FF includes a surge and overload protected 6-outlet electrical assembly with on/off switch and 20' 3-wire cord and two (2) 3/16" diameter machine screws with nuts for attaching unit to the table. Finished in an environmentally friendly Grey Mist or Black powder paint as standard, Table ships ready to assemble (K.D.) in one (1) carton pack.
