

SanDisk Ultra® CompactFlash® cards

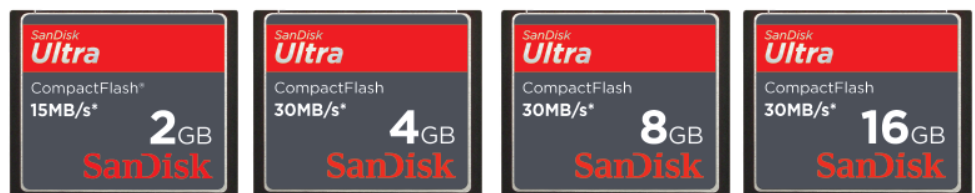

Highlights

- Experience faster shot-to-shot performance with up to 30MB/sec* read/write speeds
- Feel confident with a lifetime limited warranty from the world leader in flash memory cards

Make sure you're getting the most from your digital camera with read/write speeds up to 30MB/second*. And get ready to catch more of the action with storage capacities up to 16GB+ so you can keep shooting photos and video worry-free, with less editing in-camera.

Built for reliable, real-life use, these durable cards also serve as easy storage to take on the go. And because solid-state flash memory cards have no moving parts, there's a lot less wear and tear than disk drives. So pick up a few extras and start building a dependable, space-saving digital library.

SanDisk®

Included in package

- Flash memory card
- Jewel case

SanDisk Ultra® CompactFlash® Specifications

Read & write performance	For 4, 8 and 16GB: up to 30MB/sec* read/write speeds For 2GB: up to 15MB/sec read speed; write speed lower
Capacities	2 GB, 4GB, 8GB, and 16GB†
Warranty	Backed by SanDisk limited lifetime warranty***
