

SE-3000 ON THE MOVE

IN THE STUDIO OR VAN

Maximize value, and save your wallet! Use the 12V-powered MS-3000US in the studio or roll it into the van and take it anywhere! Datavideo can supply the cart a-la-carte (pun intended), the cart with the SE-3000 Switcher, or the cart equipped and wired to your own specifications. The MS-3000US is made in two configurations:

MS-3000US Carts

MS-3000US	Fits over the wheel well and against the wall in the 2011 Mercedes Sprinter Van
MS-3000US-T	Top piece only (tabletop setup)

The MS-3000US snugly fits against the wall, over the rear wheel well in this 2011 Sprinter Van.

Dual TLM-170 Monitors pull out and flip up for use.

\$1,950*
MS-3000US
 *without equipment

\$TBA
MS-3000US-T

The control panel is folded down for transport. When unfolded, it functions as the tray holder for the SE-3000 keyboard.
