**Built in storage compartment**

-If volume is getting lower, the receiving distance shortened or sound is not normal, charge the batteries.  
 -When not using the system turn off the microphone and the amplifier to save battery power.  
 -If feedback occurs turn down the treble tone control. If feedback still occurs, turn down the main volume.  
 -The Wired microphone and Wireless microphone can be used at the same time.  
 -Rec out can connect with a recorder to have on-site recording of your presentation.  
 -You can plug unit into the House system or add another amplifier into the REC OUT jack to increase amplification.  
 -Take the batteries out of the amplifier if the unit will not be used for long periods of time.
