## Passive Loudspeakers

Samson's RSX Passive Loudspeakers are ideal for sound professionals and performers looking for serious output and high quality audio from their PA setups. This full-range line features four loudspeakers (RSX110, RSX112, RSX115, RSX215) and a subwoofer (RSX118S), all of which offer exceptional sound in a versatile cabinet design that is ideal for both road and installation applications. Perfect for gigging musicians, houses of worship and performance venues of varying sizes, Samson's RSX Series is a passive powerhouse.
