

X HD Card

APOGEE X-SERIES

Apogee & Pro Tools | HD™...

At last Apogee makes the direct connection to Pro Tools | HD systems a reality. The Apogee X-Series-HD option card allows for direct connectivity between Pro Tools HD™ systems and the Rosetta 800, 8-channel AD/DA converter (as well as future X-Series products). The result is an incredibly powerful combination of Digidesign's™ industry leading software and a new generation of superior Apogee conversion and clocking hardware that provides a workstation that will excite Apogee and Pro Tools™ fans alike.

Rosetta 800 | HD Pack –
Apogee's Rosetta 800
and X-Series-HD Card
for Pro Tools | HD Systems

X-HD Card Features

- ▶ Primary HD port for connecting directly to HD Core or Accel cards.
- ▶ Expansion port for daisy-chaining multiple Apogee devices (Rosetta 800 and all future X-Series hardware)
- ▶ Compatible with the latest versions of ProTools (6.0/6.1)
- ▶ May be used along side similar interfaces (such as Digidesign 96 I/O, 192 I/O, Prism Dream ADA-8)
