

PROKONTROL™ MH

Perfect For Moving Head Fixtures!

The ProKontrol™ MH is a professional universal intelligent lighting controller with RDM protocol compatibility. Once properly patched it's the perfect controller for any moving head fixture, allowing ease of use with its dedicated PAN and TILT wheels. With the ProKontrol™ MH, you can control up to 32 fixtures composed of 18 channels each.

Programs can be triggered by music, midi, automatically or manually. You can also run up to 5 chases, and all the scenes can be executed at the same time.

On the surface of the ProKontrol™ MH, you will find a variety of programming tools such as 16 universal channel sliders, quick access "Movement" and built-in "Color Effect" buttons, plus an LCD display indicator for easy navigation of all controls and menu functions.

And the all-metal enclosure means you're getting one tough unit, which will last for years to come!

Take Kontrol™ of your lights like a pro with the ProKontrol™ MH!
